

Green Bay Mich. Y. Aug. 16, 1830

To the Hon. Lilas Wright. Comptroller of the State of New York.

From: Daniel Bread, Henry Powles, John Anthony

Brother, The Oneidas, who have recently moved from the state of New York and settled at this place desire to say a few words to you. It is now about a year since we commenced our settlement and we are satisfied that the country is well calculated for the land of the Indians. In a very few years our Condition will be much better here than it had ever been in the state of New York.

Brother, we feel grateful to you for your kindness and liberality towards us. And we believe you still take an interest in our welfare though we are far moved from the bounds of your state.

Brother, it is true, we have not received from the Treasury the annuity which according to agreement should have been paid to us on the first of June last. But we are happy to learn from our Savage that this failure is not to be attributed to you. That the money was promptly paid over by you to Mr. Deunistou, through whole neylict we have failed to receive it. We are sorry- but no blame is to attribute to the government of the state of New York.

And we have no doubt this business will be made straight by you as soon as it comes to your end.

Brother, our agent Mr. Savage will inform you as to our present condition. He is much gratified to witness the improvement we have made and has done all that could be done by him to promote our prosperity.

Brother This is all we have to say.
