

W. F. PAPERKORNER,

REAL ESTATE AND INSURANCE AGENT.

Deane, Mo., March 14 1884

Commission of Deane Affairs
Austin

Summary of the latter portion of the Consider Substances of this County desire in provide you asking for information with regard to the settlement of this land. They represent that a large proportion of the nation - a large majority, are in favor of settlement rather in favor of becoming citizens of Mo. That the same wish to have their lands divided, but of poor farming power to sell for some time. These two elements ought not to clash. That this ought to be fixed to satisfy all parties. They are desirous of examining this matter to fully settle down before long. & in fact any well information you can give in the matter will be gratefully received.

The Secretary & Cornelius Hill with the two persons associated with them are determined to force us out of the nation & drive us away. They asked the agent to do so the fact that they could not do so was represented the best part of the nation, those who were in favor of advancing the nation. Can want to be governed by laws laid other than the laws of our

people are committing the worst of crimes, abetting & ex-
cusing, we cannot help ourselves as our laws are
wholly inadequate & must then wait, we wait
to get out of this ~~the~~ condition & be permitted by
laws that the people of the west of the State of Wis are
to do this is just
what we want & their part as on our side
eldest the courts & their part as on our side

responsibility like other people
The following is a list of some of our principal
