As no officers had that we will be -
possible for all present purposes and
normal some somewhat among our
people with our commencing activity,
not by any and other unusual acts -
the wish to have all the reports,
proceedings and communications of all
sorts as it is furnished as the Bureau
is desired by Bell.

We do not approve of the stand-
ing list of Specials that is now
pending in Congress so far as
amendments have been made from
the original list that was introduced.
It is a narrow one and of the
appearance of the Bureau will be by
the standing officers of this nation -
These kindnesses make it no condition
that the amendments may be introduced
which are essential to the very necessity
that will settle our affairs and etc.

Respectfully submitted
