Mrs. Mamie Smith
R. R. 2
West DePere, Wisconsin

Dear Mrs. Smith:

You will recall that sometime ago, we discussed a lease for gravel pit purposes which was to be entered into between the Oneida Tribe of Indians and Ed J. Murphy Construction Company. A lease was drawn and signed by you and Mrs. Moore, as officers of the Oneida Tribe of Indians. Since that time, I have consulted with Marvin Murphy, the representative of Murphy Construction Company, on several occasions. He has not as yet signed the lease, and has now informed me that the Murphy Construction Company is not in position to go through with the lease. Therefore, since the lease has not been signed by any representative of the Murphy Construction Company, there is no contract with them.

Therefore, the Murphy Construction Company has no right in your lands regarding the gravel pit.

Sincerely yours,

Vernon Lubinski
