Dear Pax:

Last Saturday the Oneida Tribal Group heard a report on the continuing negotiations in Washington for a settlement of their claim for 4 million acres of land improperly taken from them. The report was given by Oscar Archiquette, who participated in the negotiations in Washington. Although he lives in Milwaukee, Mr. Archiquette is well acquainted with the history of the Oneida community and appears to be very close to it. He presented a very able report and I took the liberty of mentioning the Friends Committee to him. If it seems appropriate to you, I wonder if he might be invited to the next meeting, particularly since it will be held in Milwaukee. His address is 1319 C. West Vliet Street, Milwaukee 5, Wisconsin. I presume that Mr. Wheelock generally receives an invitation anyway and perhaps these two gentlemen can be very helpful in our effort to think clearly about constructive efforts in Oneida.

Cordially,
