Dear Gordon,

This is to confirm our previous phone conversation during which we scheduled a performance of your Oneida Indian Cultural Dance Group for February 21st. *Tues.*

Our program will be held at the Highlands Elementary School Gym in Appleton, on Tuesday, February 21, 1978. A small map and directions are enclosed for your reference. We would like your group to begin the performance at 7 PM, and are figuring on this lasting for approximately forty-five minutes. We shall have an area or room reserved for your equipment and for costume change purposes, and this will be open and available after 6PM. We are incidentally, planning to donate our token of appreciation to the group while you are here.

As I indicated, we have heard several good reports regarding your group's performance and are very enthused about the February 21st program. Is there any cultural information or Oneida Tribal background available? If possible, we shall request local newspaper coverage. Enclosed is the November clipping from the Appleton Post Crescent which I promised.

If you have any further questions regarding this scheduled performance, please contact me. Please confirm by mail.

Phone: (414)731-1643

Sincerely,

  
John D. Tassone, Chairman
