Dear Grordy,

I just called Mr. Hoernle from Ganesha. He offered you a cheap ticket to Germany. But I said no, telling him that you allready would pay the ticket to Chicago. He then made the proposal that he and some people of his staff would meet you in the States this summer. I told him in this case it would be me who would need a ticket. Because I think it is necceary to be careful with those guys - having the behavior of Ruth Goetz in mind. For not beeing too dependend from Ganesha I'm already looking for other agencies which could be interested in such a project.

As I gave Mr. Hoernle from Ganesha your telephons numbere, it could be possible that you'll get a call. I just wanted you to be informed about my thoughts. Please keep me informed about yours.

best wishes from Stuttgart
