Gordy McLester
Norbert Hill Center
Oneida, Wisconsin 54155

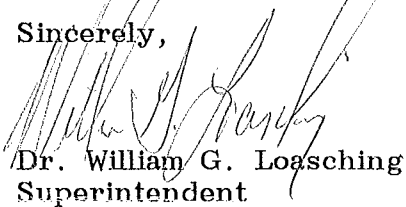

Dear Gordy:

On Thursday afternoon the Oneida program which you sponsored at the Seymour Middle School was excellent.

Providing our communities and school employees with good social and cultural backgrounds of the Oneida Indians is extremely important. As people grow and learn to understand each other--relationships grow. It is these relations which lead to harmony and improved educational and social opportunities for all people. You must be commended on both your international and local programs. They are indeed designed to improve our communities for all our people.

Thanks for a job well done.

Sincerely,

Dr. William G. Loasching
Superintendent
