Sir,

I am in receipt of your of the 5th instant, inclosing your final special account for the sale of pine timber on the Menominee and Stockbridge Reservations for the year 1869.

In reply I have to say, that before your accounts can be adjusted, it will be necessary for you to furnish a statement showing the full amount of timber out and sold under your administration, together with a sworn statement from the parties to whom the timber was sold, as to the amount of money paid you by them on account of said sales. This course is necessary, in order that there may be some proper basis upon which to settle your accounts.

Very Respectfully,
Your Obedient Servant,
E.S. Parker
Commissioner
