Hon. M.L. Martin, Dear Sir

This is to inform you that the chiefs could not conveniently come to see tomorrow. On account of the bad weather we have had for several days back we were unable to notify the chiefs to come down to Bay, and as usual during week days great many of them are away from home. We thought it best too, to call a council of the whole nation first before we will consult with you again by reason that there are several individuals who have lately changed their opinion on the subject of surveying and allotting our land. We will call a council as soon as possible. We will try to be prepared on our part to do something when we meet you again.

Yours Truly
