Dear Mary Ellen:

Thank you for the many children's books and resources you contributed to our High Risk Project. The materials were made available to our project instructors and staff at an inservice meeting last week. Items have already been provided to some project participants who have been delighted and pleased to have them. We are grateful for these special resources and I assure you they will be used to the best advantage with parents (and their children) enrolled in the project.

Best Wishes!

Sincerely,

(Mrs.) Nannette Hoppe, Ed.D.
