GRANDPARENTS FEAST

The 6th Annual Grandparents Feast, sponsored by the Oneida Headstart Program, was held November 24, 1987, at the Norbert Hill Center and at the Green Bay Urban Center. Approximately 270 Grandparents attended the feast.

The Headstart children honor their Grandparents with a traditional meal which is one of the annual highlights of the Headstart School year. The children follow the traditions of their ancestors in harvesting and preserving food for the long winter months. The celebration is in appreciation of the values and traditions grandparents hand down to the children of the Oneida Tribe.

This years menu consisted of venison, turkey, fry bread, the Three Sisters (corn, beans and squash), and cranberries. There were many pies and breads to choose from for a mouth watering dessert.

As always, the 3 and 4 year old children are involved in preparing some of the food, but the main course is prepared by volunteer parents and Headstart staff.

Dolly Fish receives beaded feather award from Carol Robelia and Mary Ellen Hayes.

Beaded feathers were given out as awards to some grandparents. Receiving feathers this year for special recognition were: **Farthest Travelers** -Dolly Fish, Neopit, 65 miles, grandchild: Kimberly Cornelius; Eva Cornelius, Tigerton, 60 miles, grandchildren: Mae & Leah Webster; Yvonne Metoxen, Milwaukee, 125 miles, grandchild: Celisha Metoxen; **Oldest Grandparents** - Melinda Doxtator, grandchildren: George Blue Bird, David Reed, Dennis Danforth, Jr., Calvin Jandreau; Margurite VanDenBerg, grandchildren: Nicholas Webster, Cory VanDenBerg; **Youngest Grandparents** - Nancy Gossen, grandchild: Leah Schommer; Donna White, grandchild: Danielle White

Headstart would like to thank everyone who participated in this joyous occasion. Without your participation, this day would not have been possible.

ONEIDA WOMEN COMPETE FOR TITLE

Dena Skenandore, Miss Oneida, with Marine escort at "Walk in Beauty Pageant".

Cheryl Smith, Oneida, with her trophy's & bouquets following talent performances.

Dena Skenandore, Miss Oneida, was the official representative of the Oneida Tribe of Indians of Wisconsin at the recent Miss Indian USA Pageant in Washington, D.C.

This pageant was the third major competition for Dena this year as Miss Oneida. Dena was the second runner-up in the Miss Indian America Pageant held in Bismarck, and placed near the top ten finalists in this pageant.

The major emphasis in this pageant was in line with the theme "Walk in Beauty", the contestants are judged mainly for their ability to display their beauty of spirit, poise, personality, and the personal interview conducted by the panel of judges.

Dena placed among the top ten finalists in the traditional talent with her performance of a traditional Swan Dance.

The week long competition climaxed Saturday night, November 21st, when a young Navajo woman, Theodora Roanhorse was crowned Miss Indian USA 1988. The first runner-up was Victoria Marvin, Tlinglet, from Alaska, and second runner-up was Millie Titla, San Carlos Apache, from Arizona.

Dena is the daughter of Francis and Wilma Skenandore, Oneida.

Cheryl Smith, a 21 year old Oneida, recently participated in the National Miss Indian USA pageant held in Washington, D.C. Thirty young women from across the United States competed for the title.

The talent portion of the pageant offered \$300 and a trophy for first place and also included an opportunity to perform on the last night of the pageant. Cheryl won first place in both traditional and modern talent categories. Cheryl's talent selections included singing "The Greatest Love of All" for her modern talent, and for her traditional talent she recited the Lord's Prayer in the Oneida Language and sang "Amazing Grace" and an Iroquois social dance song, the "Rabbit Dance".

Cheryl was able to perform on the final night of the pageant along with other talent winners. Celebrities featured on the final night of the pageant were, Princess PaleMoon, Pat Boone, Claude Akins, Burt Parks, The Eagle Dancers, The Aztec Dancers and Hopi Dancers.

Cheryl is the daughter of Bob Smith of Oneida and Carol Smith of Green Bay, and the granddaughter of Leona Smith, Oneida.

**CHAIRMAN'S
CORNER**

I hope that each and every one of you had a happy Thanksgiving and that you all got your fill of turkey or whatever. One turkey we all had our fill of was the Pierquet's Thanksgiving television commercial which portrayed Indians in a stupid way.

As a result of those commercials, the Business Committee directed that the following letter be sent to Glen Francken and MillerTime Advertising who were responsible for the commercials. I thought you might be interested in reading it.

December 4, 1987

Mr. Glen Francken
Pierquet's Superstores
2201 So. Oneida Street
Green Bay, WI 54303

Dear Mr. Francken:

The Oneida Business Committee wants to express its concern on behalf of all Tribal members and Indians throughout the country in connection with the false image of Indians presented in your Thanksgiving sale television commercials. As you know, the Oneidas and others are working to erase the old stereo-type image of Indians. That mono-syllabic, bare-chested, trinket-adoring stereo-type is dismeaning, misleading and untrue.

We are willing to accept the premise that this portrayal in your commercial was unintentional, but that does not excuse the concept. We hope and expect that this instance will not be repeated.

If you and/or your advertising agency, Miller-Time, would be interested, I would be happy to arrange a tour for you to demonstrate the Oneida progress and movement into the 21st century. We appreciate the favorable and happy relationship we've enjoyed in the past and hope it will continue.

Sincerely,
Purcell Powless
Oneida Tribal Chairman

**ONEIDA FITNESS CENTER
SUCCESS STORY**

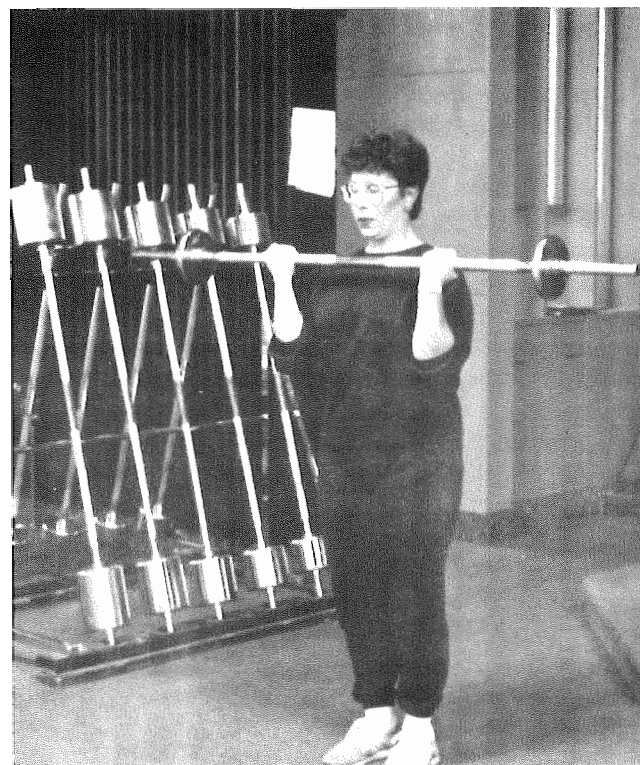

Sandie Mahn, a Fitness Center member since September 15, has been an inspiration to us all. Right from the start Sandie was a joy to have in the Fitness Center. She was determined to lose weight, control her diabetes, and get in shape. Well she's on her way.

So far Sandie has lost 5 lbs., went from a size 16 to a size 13, and even more importantly, has lost a total of 7 inches around her body. For awhile in the beginning Sandie wasn't seeing any weight loss and began to get a little frustrated, but she still plugged on. We then decided to see if she lost inches even though she lost no weight on the scale. That is exactly what she did!!!

After the first month Sandie lost a total of 5 inches. Lifting weights caused Sandie to build up her muscle mass which weighs more than fat (so no weight loss was shown) but it also takes up less space so she lost inches. Sandie has now lost both weight and inches since her muscle mass has leveled off somewhat and she is continuing to burn off fat.

Sandie's fitness regimen includes lifting weights 3 times a week, walking 3 to 5 times a week, and attending weight loss classes twice a week.

We're proud to have Sandie as a member. Her enthusiasm and dedication motivates us all.

ONEIDA TRIBAL MEMBERS

As you probably are aware, the Fort Howard Sludge Ponds are under consideration for listing on the Superfund list of highly contaminated waste disposal sites.

The tribe has been actively involved in the super-fund listing process, with tribal activities dating back to 1983. At this time it is too early for us to comment to you any further on the process until it is more complete. It should be noted that at this time no drinking water supplies have been contaminated. We appreciate the patience that you have shown during this long drawn out process. We assure you that all efforts are being made to prevent any adverse health effects from harmful chemicals present at the site.

In the absence of tribal "Super Fund" regulations, the tribe is bound by federal law not to disclose any information or make any comments about the Fort Howard Site, until the soon to be completed hazard ranking appears in the federal register. The tribe has made their comments to the Environmental Protection Agency (EPA) regarding the ranking. Individuals will be able to make their comments when the listing in the federal register takes place.

EDUCATION NEWS

PAUL DEMAIN NEW UW-EAU CLAIRE AMERICAN INDIAN PROGRAM COORDINATOR

Paul DeMain, former aide to ex-Governor Anthony Earl, is the newly appointed UW-Eau Claire American Indian Program Coordinator.

The 31-year-old DeMain, formerly a UW-Eau Claire student, replaces Denise Panek who now works at the university Arts and Sciences Outreach. DeMain, an Oneida, served as the Indian Affairs Policy Advisor under Earl.

"I was hired as a liaison between the state and tribal governments," he said, adding that he was one of the more outspoken aides because of the Chippewa Treaty Rights Voigt case.

DeMain continues to be involved in the tribal community as president of Indian Country Communications, which publishes "The Journal" monthly at Hayward.

"The focus of the paper is Indian country news," he said. "It's picked up by all tribal peoples."

"I plan on utilizing my extensive contacts in Indian country as a way of recruiting Indian youth to the university," he continued. "I really intend to sell the quality of education and focus on the caliber of Indian graduates to prove readily that UW-Eau Claire produces Indian leaders."

Unfortunately, many Indian youth lack the self-esteem and motivation to go on to college, he said. "It's important for Indian youth to get skills to market themselves. I want there to be a rediscovery of what Indians are contributing to society. We can mix education with tradition."

DeMain is an active member of the Democratic Party. He resides at the Lac Courte Oreilles Indian Reservation near Hayward.

INDIAN GAMING UPDATE

On November 17, 1987, Attorney Jerry L. Hill attended the 1987 World Gaming Conference & Expo in Atlantic City, New Jersey. This conference is held annually and presents workshops, seminars and panels on many various matters relating to the gaming industry worldwide. This year the conference scheduled 58 such presentations to be made over a four day period, including a panel entitled "Indian Gaming, the Biggest Threat to the Industry", on which Attorney Hill was invited to speak.

The Oneida Tribe has been a leader in seeking federal legislation to protect tribal gaming enterprises from state interference for almost five years. We have

participated with the National Indian Gaming Task Force since 1983, and its successor the National Indian Gaming Association, and presented testimony in the House and Senate in Washington, D.C. to the 97th, 98th and 99th Congresses. The need for this protective legislation was necessitated by the introduction of legislation in 1983, the effect of which would have placed all Indian gaming enterprises, including bingo, under state regulatory jurisdiction, which in turn would result in killing this valuable resource to Indian governments. The more profound and damaging effect would be to allow states to interfere with the inherent sovereign powers of Indian governments.

Opponents of Indian gaming have continually, and erroneously, asserted that Indian gaming is unregulated. Specifically, they have stated publicly and at Congressional hearings that Indians are both unwilling and unable to self-regulate. These false contentions have been supported by the National Association of Attorneys General and the National Sheriff's Association, among others. The Oneida Tribe has taken the position that as unpalatable as federal legislation may be if it is carefully drafted it can protect these tribal resources as it should. These arguments were raised once again at the World Gaming Conference, and the Indian side of the issue was also presented.

The National Indian Gaming Association which has 22 member tribes, including the Oneida Tribe, met in Washington, D.C. on November 18 & 19, 1987, to discuss the status of the pending legislation. Specifically, we are concerned about the recent introduction of two new bills by the Nevada delegation and their effect on the bill we support, HR 2507.

Chairman, Purcell Powless, who is the Oneida delegate to the National Indian Gaming Association, and Vice-Chairman of the Association, met with Representative Morris Udall, Chairman of the Interior and Insular Affairs Committee, on November 19, 1987. This Committee must pass on the legislation before it goes to the floor of the House for a full vote and the Association was assured that he would work to that end. With the Christmas recess approaching, it is unlikely that the legislation can now be addressed before January, 1988.

**Graduates Fellowships For
Minorities**

The Committee on Institutional Cooperation (CIC) Minorities Fellowships Program, sponsored by 11 Midwestern universities (the BIG 10), will award about 40 fellowships to members of under-represented minority groups seeking PhD degrees in a wide variety of fields in the following areas: Social Sciences, Humanities, Sciences, Mathematics, and Engineering.

Each CIC Minorities Fellowship provides support for four to five academic years depending on field of study. For 1988-89, each award will pay full tuition plus a stipend of at least \$8,000. Fellowships can be used at any CIC university.

Eligibility - American Indians are eligible for fellowships in all fields. Applicants must be U.S. citizens who hold or will receive a bachelor's degree from a regionally-accredited college or university by August 1988. Such students who have received a master's degree from a regionally-accredited college or university, or students currently enrolled in graduate study, may also apply. Application deadline is January 8, 1988. For complete information call 1-800-457-4420 or write: CIC Minorities Fellowship Program, Kirkwood Hall 111, Indian University, Bloomington, IN 47405.

**UC-BERKELEY OFFERS
GRADUATE DEGREES TO
AMERICAN INDIANS**

The University of California at Berkeley is seeking American Indians to apply for admission to graduate programs in the professions, which include: social welfare, public health, engineering, business administration, education, public policy, law and many others.

There is a shortage in academic fields and extreme need for American Indians to teach in colleges and universities. Indian people interested in art, botany, history, languages, ethnic studies, music, political science and many other areas are urged to consider careers as academicians, bringing their cultural awareness into the classroom at the college or university level.

UC at Berkeley has a history of involvement with American Indian students, with many enrolled in different graduate degree programs. There have been 191 Indian and Alaska Native students who have graduated or have been enrolled in MPH Programs through the Berkeley Program.

American Indians are eligible to apply for graduate Minority Program Fellowships, which range from \$5,000-7,000, plus payment of (non-resident) tuition and fees.

February 10, 1988 is the deadline for submission of application for the Fall 1988 semester, however, if one is interested in applying for a GMP Fellowship, an application must be submitted by January 5, 1988.

For further information, call Dr. St. Germaine collect (415) 642-3228 or write to the American Indian Graduate Program, 140 Earl Warren Hall, University of California, Berkeley, California 94720.

AFTER HOURS EMERGENCY NUMBERS

If the Seymour telephone number - 833-7536 or the Little Chute number - 788-6692 is called after hours, you will reach the Anna John Nursing Home. You will then be instructed to call 869-2711 or 437-6007 to reach the "after hours" answering service.

NOTICE

TO ALL MEDICAL ASSISTANCE PATIENTS using the ONEIDA HEALTH CENTER PHARMACY SERVICES:

Due to changes in the way Medical Assistance will be processing the claims we submit to cover the cost of your prescriptions, starting in December, you **MUST PRESENT THE MEDICAL ASSISTANCE CARD EACH AND EVERY TIME YOU PICK UP A PRESCRIPTION.**

Although the State has always required that Medical Assistance patients present their cards at each time of service, we have been lax in enforcing this rule, and have given out medication(s) to patients who have Medical Assistance but didn't bring their card.

EFFECTIVE DECEMBER, 1987 ... WE MUST SEE YOUR MEDICAL ASSISTANCE CARD in order to be reimbursed for the drugs you receive. If you come for medication(s) and don't bring your card, we will give you enough medication to last for one day, and you'll have to return the following day with your card to obtain the balance of your prescription.

It is **YOUR RESPONSIBILITY** to have your card with you when you call for medication(s). Also, please be sure to send your card with anyone who comes to pick up medication for you (such as a CHR, or relative).

WORKERS COMP/WORK-RELATED INJURIES

If you are receiving a prescription from the Oneida Health Center Pharmacy, and the drugs or supplies are being furnished because of a work-related injury -- PLEASE TELL THIS TO THE PHARMACIST -- in order that we correctly bill those services to your employer, and not your health insurance carrier. We have received calls from health insurance carriers telling us that we incorrectly billed them for services and prescriptions that were the responsibility of an employer due to an injury occurring at work. Likewise, auto accident-related injuries which result in your needing medical services or prescriptions, should be appropriately billed to your auto insurance carrier, who in turn will collect from "the other guy" or whomever was at fault.

PREGNANCY AND ORAL HEALTH:

A guide for mother and child

Pregnancy is a special time to take extra care of your oral health. A pregnant woman has specific needs for dental care, good oral hygiene, and good nutrition. These measures are the foundations for good oral health.

1 - NUTRITION

What you eat now affects the development of your child's teeth. During pregnancy it is important that nutrients be provided in sufficient amounts. When mother eats a balanced diet, it will usually provide correct amounts of these nutrients to nourish both you and your child. During your pregnancy the best advice is to reduce the number of times you eat sugar-rich foods, especially between meals. If you do snack, select foods that contain little or NO sugar and help provide the nutrients needed by both you and your unborn child.

2 - ORAL HYGIENE

During pregnancy, there is a special need for good oral hygiene because pregnancy may exaggerate some dental disorders. Avoid dental decay by thoroughly brushing and flossing daily to remove harmful plaque.

Unremoved plaque on your teeth can irritate the gums, making them red, tender, and likely to bleed easily when you brush. During pregnancy, gingivitis may occur more frequently due to an increased rise in hormone levels. This exaggerates the gum tissue's reaction to the irritants in plaque. But remember, plaque is the major cause of gingivitis. Therefore, thoroughly brush and floss your teeth daily to remove plaque and eat a balanced diet to help keep your gums healthy.

3 - PROFESSIONAL DENTAL CARE

Regular dental visits should be continued throughout pregnancy. The best possible care can be provided to help you keep your teeth and gums healthy during this special time. Please consult with the staff at the Oneida Dental Clinic; they are concerned about you and your child's health. Generally, few elective treatments are indicated at this time. Your individual treatment plan dictates your professional dental care during pregnancy.

KNOW YOUR NUMBER

The final Cholesterol Screening for the worksite wellness project is tentatively scheduled for Bingo workers, the week of December 14th. The exact date and times will be forwarded to supervisors and posted at worksites.

To date, almost 200 Tribal employees have taken advantage of the Cholesterol screening and the follow-up Health Risk Appraisal. The objectives of the Program is to make employees aware of health risks due to elevated blood pressures or cholesterol levels.

I urge all Tribal employees who haven't participated in a previous Cholesterol screening, to take advantage of this last offer.

If you have any questions about the Program, please contact Bud Clay at 869-2711.

ARE YOU PUZZLED ABOUT THOSE MEDICAL / HOSPITAL BILLS THAT YOU'VE BEEN RECEIVING?

Contract Health Services, located on ground floor just down from the Optical Office, specializes in helping you distinguish who is responsible for those bills.

Contract Health Services works with bills from providers OUTSIDE of the Health Center, such as West Side Clinic, or St. Mary's Hosp., or other providers/specialists in Green Bay.

The Billing Office of the Health Center can only help you with the bills you may have incurred here INSIDE the Health Center. Our office is located in the lower level of the facility. To avoid unnecessary searching for the right office to bring your bills, when inquiring at the Reception Desk or over the phone, please indicate where the bill originated; this will get you directed to the correct office.

MEDICAL CLINIC NEWS

“HAVING A SAFE HOLIDAY SEASON”

The holiday season is upon us once again. We wish everyone a safe and happy holiday. To ensure that we all have a safe holiday season please read and follow the safety tips we have listed below!!!!

TRAVEL:

When traveling, include boots, hats, gloves, warm clothes, and blankets--for any emergency stops or car problems. It is important to keep warm when exposed to the elements. Keep a shovel in the trunk of your car and extra weights to ensure safety on the road.

CHRISTMAS TREES:

Watering your tree is very important to prevent dryness. When the needles are dry it becomes a fire hazard. For tree lights-- only use those that are made for indoor use. Don't use lights with frays or breaks in the wiring. Don't leave the lights on while the house is unattended or for long lengths of time. Always be sure when putting up the tree that it is properly anchored to avoid the possibility of accidental falls especially when young children are around.

SMALL CHILDREN AND/OR PETS:

When decorating the tree-- keep lights back in the tree or farther up the tree to prevent accidental burns. Do not place breakable bulbs near the bottom of the tree. Children are drawn to the shiny things and are naturally curious. Pets can be as naturally curious about these things as the children. They both like shiny things and can easily break them or knock the tree over as well as try to put the ornaments in their mouths.

FOOD:

To defrost food-- put it in the refrigerator instead of on the cupboard. Also after meals-- be sure to promptly put any leftovers away that need to be refrigerated. This will prevent food spoilage and contamination.

SURVIVING WINTER!

It's that time of the year again .. WINTER! And all the things that go along with it .. SNOW, CHRISTMAS and COLDS!!

Just what is a COLD? The definition of a cold is ..

"An acute and highly contagious viral infection of the upper respiratory tract. It is also referred to as an upper respiratory infection."

There are at least 20 identifiable viruses that have been found to cause colds, and they may attack anyone with lowered resistance. Cold viruses are resistant to present antibiotics, nor is there an effective preventive vaccine that will work to protect anyone from colds.

All colds are not identical because of the different viruses and each person reacts differently to each situation. Usually, the common cold starts with a runny nose, sneezing, a stuffy feeling in the head, slight headache, watering of the eyes, generalized body aches, listlessness, inability to concentrate, and perhaps a slight fever.

A cold usually begins to subside after a few days. The nasal discharge lessens, and the person is able to breathe easier through the nose. The average cold lasts from 7 to 14 days. If at any stage the cold shows signs of getting worse, for example if there are prolonged chills, noticeable fever (above 101°), aches in the chest, ears, face, shortness of breath, coughing up of dark colored phlegm, or bloodstreaked or rust colored mucous, or persistent hoarseness, then a physician should be contacted.

WAYS TO DEAL WITH A COLD AT HOME:

1. Proper rest
2. Keep warm and dry, unless you have a fever, then you should try to dress in light clothing to avoid elevating your temperature
3. Drink plenty of fluids
4. Use of over-the-counter medications as directed to treat specific symptoms
5. Eat properly...a balanced diet will help to prevent colds.

WHAT MEDICATIONS TO USE FOR A COLD

Use aspirin or Tylenol for fever over 101° and for generalized body aches. Acetaminophen is the same as Tylenol and when purchased under this name it is sometimes cheaper than the brand names. Check with the pharmacist if you are unsure when making a purchase.

If sinuses become involved ... medication such as Sudafed, Actifed Drixoral, or other sinus preparations are available.

For a cough ... pick a cough syrup that fits your symptoms. If you're congested and coughing, get a cough syrup expectorant; a dry hacking cough, get a suppressant.

For a sore throat ... there are throat lozenges, gargling, and sprays available that will numb the throat for a soothing effect, making it easier to swallow liquids.

When buying over-the-counter medications, be sure to **READ THE LABEL WELL**. Make sure it will take care of the symptoms you have. Use the medicine **ONLY AS RECOMMENDED** and correct dose for age and weight. The Pharmacist can help answer any questions that you may have, or contact your own physician for advice on treating your cold at home.

Antibiotics ... if you are given a prescription for antibiotics for any infection, always be sure to **COMPLETELY FINISH ALL THE PRESCRIPTION MEDICATIONS UNLESS OTHERWISE DIRECTED!!! NEVER STOP TAKING MEDICATION JUST BECAUSE YOU START TO FEEL BETTER, OR YOU WON'T CONTINUE TO FEEL BETER ONCE YOU STOP THE MEDICATION. NEVER TAKE MEDICATION THAT HAS BEEN PRESCRIBED FOR SOMEONE ELSE, OR TAKE MEDICATION THAT HAS BEEN LEFT OVER FROM ANOTHER INFECTION.**

ONEIDA HOUSING AUTHORITY ATTENTION---ATTENTION---

All persons who have applied for a rental or a
homeowner unit with the Oneida Housing
Authority;

OHA requests that all persons who have applied
for a Rental Unit or for a Scattered Home,
(Homeownership) must update their application
once each calendar year.

If you have ever applied for "HUD Housing for
Low Income Families", with the Oneida Hous-
ing Authority - PLEASE contact the office in per-
son or by written notice to update your
application.

We are reviewing all applications on file. Applica-
tions not updated by February 1, 1988 will be
placed in the "INACTIVE File".

Thanks for your cooperation.

ATTENTION: ELDERLY

Oneida Housing has vacancies for elderly per-
sons (62 years or older) who are capable of caring
for themselves.

Inquire at the housing office in Oneida.

TO: PERSONS REQUESTING TRANSFERS

The Oneida Housing Authority uses the follow-
ing guidelines when responding to a request from
a tenant to transfer to another unit in Housing:

- 1) Transfers are considered valid if:
 - a) The family listed on the application has
increased or decreased in size.
 - b) The children's ages have advanced to the
stage where additional bedrooms are required
due to their age;
- 2) A person already living in Housing is given
preference for a transfer (when the need is there)
over a new applicant applying for housing.
- 3) If two or more requests for transfers are re-
ceived at the same time, the tenant with the
longest number of continuous uninterrupted
months of renting in housing will be given
preference.
- 4) Some consideration is given to a "request for
transfer" on the past record of the tenant's ren-
tal history in Housing; (examples: rental payment
record; social adjustment; and serious violations
of rental agreement, etc.)

EMERGENCY HOUSING

The Oneida Housing Authority is still receiving
numerous applications per month. Many times
these applications are viewed by the applicant re-
questing housing as "EMERGENCY". The intent

of this article is to assist you, the Applicant, to
understand the Oneida Housing Authority's posi-
tion on the definition of "EMERGENCY
HOUSING".

**EMERGENCY HOUSING: IS A CONDITION
WHEREBY THE PERSON(S) HAVE NO CON-
TROL OVER THE CIRCUMSTANCES THAT
LEFT THEM WITHOUT A DWELLING
PLACE.**

EXAMPLES: A dwelling is extensively damaged
or destroyed as a result of a disaster (such as a
fire, flood or wind); or persons displaced by
governmental action.

All other applications for Housing are handled
in the usual and customary manner, based upon
Oneida Housing Authority's policies and HUD
rulings for admission.

EATING TOO MANY HOLIDAY GOODIES? DON'T WORRY. THERE ARE ADVANTAGES TO BEING OVERWEIGHT. HERE ARE QUITE A FEW:

By Patrica Rae Wolff

- You don't need as much water to fill your bath.
- You don't fly out of the seat on a roller coaster.
- You're easier to spot in a crowd.
- You don't have to buy your clothes in the department with the rock music.
- No one expects you to win the local marathon, or even enter.
- You won't get as many wrinkles.
- You have a good excuse to fly first class.
- You'll never be challenged to play leapfrog again.
- You don't have any sharp edges.
- You'll last longer than a thin person if you're ever lost in the wilderness without food. (Possibly the only diet you haven't tried.)
- You float better.
- Your soft shoulder is perfect for a baby to nestle into.
- Your ring has more gold in it.
- You automatically get your fair share of the bed. (The covers are another matter.)
- At least you're thinner than — and — too.
- You're not the one asked to squeeze behind the table in a crowded restaurant.
- You'll probably win at musical chairs. (Especially if you play with tiny cowards.)
- You don't have to worry about whether you're getting too old for a bikini.
- You're worth more when you're worth your weight in gold.
- You don't need padding for your santa suit.
- Your toboggan goes faster (once you get it started).
- You get the arms on both sides of your theater seat.
- There's more of you to love.

IN TRIBUTE

Again with unexpected suddenness, death has come among us. Russell Cornelius has silently closed the door of life and departed from us. The shock of his death is visibly and profoundly felt by those with whom he had daily contact.

Just when his days seemed brightest,
Just when his hopes seemed best,
God called him from amongst us
To his eternal rest.

Sadly missed, but God knows best.

To the members of the bereaved family we extend our deepest sympathy.

GENEVIEVE ELLEN MOORE-CORNELIUS

MARCH 24, 1907 - NOVEMBER 10, 1987

This song was composed as a memorial to his grandmother by her grandson; William B. Robelia. Bill sang this song as a tribute to his grandmother at her funeral service.

GOD'S FAVORITE DISCIPLE

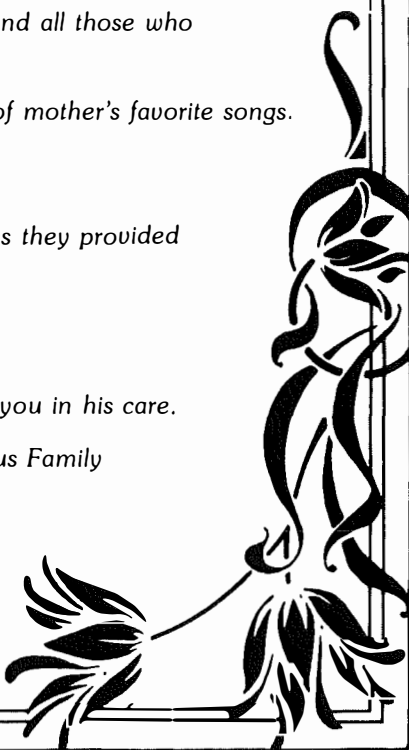

*She borne and raised nine children with a loving husband
She never complained even through the hardest times
She tried to give them everything they needed
She always believed that God was on her side
Her love spread to the Grand and Great-Grandchildren
It seemed to go to everyone she touched
I'm lucky to be able to say I love her and proud to say that she was my Grandma
Now her life in this world has ended
She taught us the true way to love someone
Now she joins her husband and children up in heaven and I hope that all her days are happy ones.
CHORUS: If Jesus had women for disciples I'm sure she would have been his favorite one
She'll live in our hearts now and forever
She is a very special one*
