OF INDIANS OF WISCONSIN

June 24, 1988 Vol. 58

869-2214

Oneida Host NCAI Mid-Year Conference

Sharon Metz, executive director of the Lutheran Human Relations Association of America, poured a can of "Treaty Beer" into a garbage can as a symbolic act to reject racism.

"This isn't going to stamp out racism, but it is a symbol of racism that we cannot afford to ignore", Metz said.

Metz poured the beer into the garbage can where it belongs during a press conference at the 1988 Mid-Year Conference of the National Congress of American Indians (NCAI) held June 14-17 at the Oneida Rodeway Inn.

The demonstration was witnessed by Indian leaders, including Hilary "Sparky" Waukau, a Menominee who serves as NCAI Minneapolis Area Vice-President, Oneida Chairman Purcell Powless, NCAI President John F. Gonzales, and NCAI Executive Director Suzan Shown Harjo.

The mid-year conference was hosted by the Oneida Tribe and reflected the combined efforts of all the Wisconsin Indian tribes.

Kalihwisaks is the official newsletter of the Oneida Nation of Wisconsin. Published since 1973, it is circulated as a non-profit service to enrolled tribal members on a monthly schedule. Correspondence should be sent to Kalihwisaks, Oneida Nation of Wisconsin, P.O. Box 365, Oneida, WI 54155. Editor: Barbara Webster; Reporter/Photographer: Virginia Lovell.

The Menominee Tribe conducted the open ceremony for the conference Wednesday, June 15. The Lac Courte Oreilles and Winnebago Tribes conducted opening ceremonies on Thursday, June 16 and Friday, June 17, respectively.

Conference registration and membership recruitment were held throughout the conference week. Pictured at left, NCAI Executive Director Suzan Shown Harjo greeted conferees.

Governor Tommy Thompson addressed about 200 Native Americans at the opening session of the NCAI Mid-Year Conference.

Thompson pledged that violence will not be tolerated during the exercise of Indian spear fishing rights in Wisconsin as long as he is governor.

Attorneys General from six states met with Indian leaders on June 14, 1988 to discuss jurisdictional issues between states and tribal governments. These included taxation and gaming. The purpose of the discussion was to exchange ideas about these issues. The Indian leadership was firm in their commitment to strong Tribal government free of state infringement, yet willing to acknowledge legitimate state interests and concerns. Future dialogue between the parties will continue in the future.

Approximately 200 Native Americans from around the country attended the NCAI 1988 Mid-Year Conference held at the Oneida Rodeway Inn.

(150th Anniversary) SESQUICENTENNIAL Of Treaty With Oneida 1838

This treaty was signed on February 3, 1838 in Washington, D.C. The treaty is the culmination of events starting when the Oneidas moved to Wisconsin and purchased land from the Menominees in 1821. The treaty was specially directed by the president of the United States for the First Christian and the Orchard parties residing at Green Bay, WI. This treaty is an addendum to the Buffalo Creek Treaty or Treaty with the New York Indians signed January 15, 1838 with chiefs, headmen and warriors of the several tribes of New York.

At close of the Revolutionary War, some members of the Six Nations felt it was in the best interest to seek a new home. Therefore, the Oneidas and other New York tribes chose to purchase lands in the Territory of Wisconsin from the Menominees and Winnebagos. The Oneidas, St. Regis Mohawks, Stockbridge and Munsee nations signed a treaty with the Menominee & Winnebago tribes on the 18th of August, 1821 for the purchase of lands in the Territory of Wisconsin.

There was agitation and dissatisfaction concerning the treaty signed in 1821. Then on Feb 17, 1832 the Oneidas and other New York Indians assented to a treaty which provided them with five hundred thousand acres of land near Green Bay.

This treaty signed in 1832 did little to resolve the problems and the treaty of 1838 commonly referred to as the Buffalo Creek Treaty was signed. The Buffalo Creek treaty set apart the lands in Wisconsin territory from the other New York Indians. There are special provisions for the St. Regis, the Senecas, the Cayugas, the Onondagas residing on the Seneca reservation, Oneidas residing in New York State, and the Tuscaroras. On June 11, 1838 chiefs of the Oneida from the First Christian Party, Orchard Party and Second Christian Party signed the treaty.

The treaty of 1838 ceded all title and interest in their lands from the treaty signed in 1832 except for a tract containing 100 acres for each individual. The U.S. agreed to pay \$3000 to the Orchard Party; \$30,500 to the First Christian Party; and \$3000 for the erection of a church & parsonage home.

This is the treaty that established our present boundaries of our reservation in Wisconsin.

SESQUICENTENNIAL OBSERVANCE

The Oneida Tribe of Indians of Wisconsin will be observing the Sesquicentennial (150th) anniversary of the signing of the Buffalo Creek Treaty during this year's annual July 4th Oneida Pow-Wow. The Buffalo Creek Treaty and its addendum were the culmination of events starting when the Oneidas moved to Wisconsin and purchased land from the Menominees in 1821. The Buffalo Creek Treaty was signed January 15, 1838; the addendum February 3, 1838. The signings established the present Oneida Indian Reservation in Wisconsin.

Events planned to commemorate the Buffalo Creek Treaty anniversary include the burying of a time capsule, special floats during the Pow-Wow 4th of July parade, a commemorative edition of the Pow-Wow program, the striking of

special medallions for sale to the public, the signing of a commemorative resolution between the Oneida and Menominee Tribes and a special dinner.

The Sesquicentennial Banquet is scheduled for June 30, 1988. It will be held at the Rodeway Inn starting with a reception at 6 p.m. and dinner at 7 p.m. We have invited Robert Bennett to attend as an honored guest. We will be inviting representatives from the tribes in Wisconsin with special consideration for the Menominee Tribe who we negotiated with for our land base here in Wisconsin. The price of the banquet will be \$10, with a choice of Cornish game hen, prime rib, or boiled whitefish. Please contact Lloyd Powless (414) 869-2214, for information on tickets.

LottOneida
P.O. Box 365
Oneida, WI 54155

Robert Bennett, an Oneida who served as the Commissioner of Indian Affairs during the Johnson Administration will be the main speaker. Bennett has been active in the federal bureaucracy for many years having worked in the Bureau of Indian Affairs from 1938-43 and 1949-54, in addition to numerous jobs in other branches of the federal government and with various Indian tribes in the southwest, midwest and Alaska.

Presently, Bennett serves on the National Advisory Council on Indian Youth, the American Society for Public Administration, the American Academy of Political and Social Science, the American Association of Applied Anthropology and the National Congress of American Indians. He is also associated as a consultant with the William H. Donner Foundation, Inc., New York; the National American Indian Court Judges' Association and the National Tribal Chairmen's Association.

During the July 4th Oneida Pow-Wow parade, 3 prizes of \$150 will be offered for Tribal floats built around the Sesquicentennial theme. There will be a second group of 3 prizes for other community/tribal floats of \$150, \$100 and \$50.

The Tribe will also honor all Oneida Vietnam vets during the Pow-Wow. Oneida Vietnam veterans are being asked to fill out a form to assist in

developing a permanent record of Oneida Vietnam veterans. Oneidas who served in Vietnam are asked to contact Lloyd Powless for details.

Details on the special Oneida/Menominee commemorative resolution are still being worked out, as is information concerning the medallions.

Saturday, July 2 is the proposed date for the burial of the Sesquicentennial Time Capsule. A location about ten feet from the peace tree, in front of the Norbert Hill Center, seems to be a popular choice. All items for placement in the capsule should be collected by Monday, June 27. Charlene Cornelius of Records Management will then attempt to properly seal and condition the individual items so they will have the best chance of preservation.

The time capsule will build on the theme of seven generations. By having the capsule closed or partially buried by one of today's Oneida great grandparents, the capsule could be opened again in 100 years by a mature member of that family's seventh generation (using 25 years per generation). The capsule could then be opened in the year 2088 during the 250th anniversary of the Treaty of 1838.

THE SILVER LINING

Usually, John Denny does not come to the ORCOA meals, for his own reasons. But on 5/12/88, George House picked up John and brought him to the Multi-Purpose Center for dinner. We had spaghetti, coleslaw, garlic toast, pears, and beverage. It was delicious. George had an enjoyable experience -- waiting on John's every need. It is fun to do something special for one of our elderly peers.

Thanks, George!!!!

Fund Raising For Childrens Hospital

Let's have a big round of applause for all of the Tribal employees who so generously donated to the fund raising for the Children's Hospital of Wisconsin.

While we do not know how many Oneida children have used the facilities of the Children's Hospital, we do know that at the present time there are Oneida children that need those facilities.

A special thanks to the people who canvassed the employees in their individual work places on June 1, 1988; Bev Anderson, Carol Elm, Pam Ninham, Louise King, Judi Skenandore, Linn Cornelius, Rose Melchert, Shirley Powless, Sue Daniels, Sandy Stevens, Carol Robelia and Jean Funk.

Thank you for your time and effort to those who helped with the raffle on June 3, 1988 at Oneida Bingo - the present and past Miss Oneida's;

Dena Skenandore, Debbie Reiter, Linn Cornelius, Jenny McLester and especially for Kathy Hughes for keeping everything in order.

A special hug to those who took time to go to the WFRV (Channel 5) station on Sunday morning to answer the telephones; Carol Elm, Judi Jourdan, Linn Cornelius, Pam Nohr, Jenny McLester, Dawn Moon, Ed King and also Dena Skenandore for coming down and presenting the check on TV. Also, Doris Yelk-Wilberg for counting all the jars of money that was collected.

I apologize if I have forgotten anyone who has helped with this special project. Remember the our efforts and donations will go to the special needs of children.

Your support is deeply appreciated.

Thank you,
Sandra Ninham, Promotions Director

EMERGENCIES

The Oneida Community Health Center contracts for ambulance services to Tribal members in Brown and Outagamie Counties.

469-9777 is the number to call in the event of an emergency. This is the ONLY number to call for this service ... if any other ambulance service is called, the expense will be the responsibility of the individual who called.

If you have any questions, please feel free to contact me.

Roberta Kinzhuma
Assist. Administrator

HAPPY BIRTHDAYS:

Bud Clay, Health
Promotion Coord.
July 4th

Lucille
Cook,
WIC Aide
July 10th

**PUBLIC NOTICE
ANNUAL RABIES VACCINATION
CLINIC FOR DOGS & CATS**

This year's rabies vaccination clinic will be held on MONDAY, JUNE 27th.

LOCATIONS: **Oneida Health Center**
Corner of E & EE
10:00 a.m. to NOON

Site I Park
1:30 p.m. to 3:30 p.m.

(In case of rain at the afternoon session, it will be held at the Oneida Health Center.)

NO CHARGE

TRIBAL MEMBERS: Your dog must have proof of a valid rabies vaccination in order to receive the required Tribal Dog License. If your pets vaccination is due, this is your only chance to get the required shots this year.

**LYME DISEASE IN WISCONSIN:
An Update**

Lyme disease is an illness, which if not diagnosed and treated promptly, can cause serious problems involving the heart, joints, and nervous system. In Wisconsin, Minnesota, and eastern coastal states, this bacterial disease is transmitted to people and animals by the bite of the bear tick (Ixodes dammini). In California and other parts of the west, the western black-legged tick (I. Pacificus) is the carrier.

Lyme disease was first officially recognized in the United States in 1975 in children from Old Lyme, Connecticut. A similar disease was reported in a grouse hunter from Taylor County in Wisconsin in 1969. It wasn't until 1979, however, that additional cases of Lyme disease were reported in northwestern Wisconsin. In fact, the bacterium that causes Lyme Disease was not even identified until 1982.

SIGNS AND SYMPTOMS of Lyme Disease

Lyme disease typically progresses through three

stages, depending upon how soon the disease is diagnosed and treated. Prompt medical attention will minimize complications involving the heart, nervous system and joints.

STAGE 1: In the earliest stages, people with LYME disease may have any combination of the following symptoms:

- * headache
- * chills
- * nausea
- * fever
- * a spreading rash
- * aching joints
- * fatigue

Without treatment, these signs and symptoms may disappear altogether, or they may recur intermittently for several months. The characteristic red rash, called erythema chronicum migrans (ECM) usually appears within 3 to 32 days after a person is bitten by an infected tick. The rash is circular in shape and can attain a diameter of 5-20 inches, with the center of the rash becoming cleared. ECM is not restricted to the bite site and can occur elsewhere on the body. Up to 30% of the people who have LYME disease do not develop EMC lesions, making diagnosis more difficult.

If LYME disease is diagnosed during STAGE 1 (based on characteristic symptoms and sometimes a simple blood test), it is easily treated with antibiotics such as Tetracycline, penicillin, and erythromycin.

STAGE 2: Weeks to months after initial exposure to the bacteria or after the first symptoms appear, some people may develop complications involving the heart and/or nervous system. Specific disorders may include various degrees of heart blockage, nervous system abnormalities such as meningitis, encephalitis, facial paralysis (Bell's Palsy), and other conditions involving peripheral nerves. Painful joints, tendons and muscles may also be noted during this stage of the disease.

STAGE 3: Arthritis is the most commonly recognized long-term sign of LYME disease. From one month to years after their first symptoms appear, people may experience repeated attacks of arthritis. Research has shown that even if LYME disease was not diagnosed and treated promptly, people who eventually received

appropriate antibiotic therapy had fewer relapses than those who were never treated.

TREATMENT: If you develop any of the symptoms listed under STAGE 1 and recall being bitten by a tick, or have been in an area where ticks are abundant, discuss your suspicions of LYME disease with your physician. Your physician will make a diagnosis based on your signs and symptoms, and information you provide about recent travels, or history of tick or insect bites. Prompt treatment with antibiotics can cure the infection and prevent later complications. Treatment during later stages of the disease often requires more intensive antibiotic therapy.

IN GENERAL, if you do develop the signs and symptoms of LYME disease, contact your physician promptly. Treatment in the early stages of the disease can usually prevent complications.

For additional information about LYME DISEASE, contact your local public health official, or:

 Experienced fundraiser to organize and implement its development program. Annual fund solicitation required from individuals, churches, corporations and foundations. Major long range capital campaign planned to implement extensive campus expansion. Applications must have good writing skills, some computer knowledge, and an understanding of Native American culture. Send resume to Richard King, Vice President, Kittleman & Associates, 1 N. LaSalle, Chicago, IL 60602.

CARE OF SIMPLE WOUNDS AND CUTS

How to take care of simple wounds and cuts sounds easy, but many times simple cuts and lacerations aren't properly taken care of and become infected, impetigo or bigger problems result.

Necessary items to have on hand to care for the injury are:

- * bandaids
- * hydrogen peroxide
- * antibiotic ointment
- * gauze
- * tape

Wounds must be cleansed thoroughly, immediately after they occur. Wash with warm water and a mild soap. Check the wound for foreign objects if wound occurred in gravel, glass, etc.

Then cleanse the wound with hydrogen peroxide and apply antibiotic ointment and an appropriate dressing.

Daily dressing changes with cleansing will aid you in watching for infection. Keep the area as clean and dry as possible.

Signs of infection include redness around the wound, swelling, and an increase of drainage. If signs of infection persist, please contact your physician. Further and more intensive treatment may be required.

If the wound is caused by a dirty object, a tetanus booster may be required. Contact your physician if you have any questions or concerns about a tetanus booster.

HAVE A SAFE SUMMER!

ANIMAL BITES

The following instructions are designed to help the relative or patient in follow-up care and observation, to prevent further complications.

1. Keep the bite clean and dry.
2. Watch for signs of infection. Report any of the following symptoms to your family doctor:
 - a. Redness
 - b. Red streaks leading from the wound.

ANIMAL BITES, continued
 c. Pus-type drainage
 d. Sharp increase in pain

3. If the animal is caught:

- A. Keep the animal caged or tied for the next 10 days. The animal cannot be allowed to run loose. If you or the owner of the animal have trouble keeping the animal confined, contact the police dept.
- B. Do not kill, destroy, or get rid of the animal in any matter, until the end of the 10 day period. If you do not intend to keep the animal, it can be impounded at the humane society.
- c. If the animal becomes sick, acts unusual, or dies, contact your doctor, a veterinarian, or the police.
4. This animal bite should be reported to local/county police department.

If the owner of the animal is known, ask if the animal is currently on its rabie vaccine.

POISON IVY

Poison Ivy causes a "contact dermatitis", or rash, in many people. An oily substance in the leaves, stalks, and roots of the plant produces irritation of the skin of persons sensitive to it. Any part of the body may be affected, so long as it comes in direct contact with the plant, or with smoke from the burning of the poison ivy. The irritating oil may also be spread from one part of the body to another by rubbing or scratching with the hands. The rash or blisters may begin to break out six hours to several days after contact. The "blister fluid" of poison ivy rash will NOT cause the rash to spread.

Your doctor may prescribe medications to both bring down the inflammation and ease the itching. Take these medications as directed.

continued

POISON IVY, continued

Helpful treatment: Prepare moist compresses according to the following instructions:

- a) Prepare Burow's solution by dissolving one packet of Domeboro Powder (may be purchased at a drug store) in a pint of cool tap water.
- b) Soak clean clothes (old bed sheeting, gauze, or other suitable material that will allow evaporation) in the solution.
- c) Wring out the cloth until it no longer drips.
- d) Apply several layers on or around the affected area.
- e) Change and resoak the compresses every three or four minutes for one hour.
- f) Remove the compresses for the next hour.
- g) Repeat this process during all waking hours.

Notify your doctor if any of the following happens:

- 1. You develop a fever over 100° orally
- 2. The rash or blisters seem to become infected
- 3. The prescribed program and medicines do not bring relief within a few days

TIPS FOR PROTECTING YOURSELF AGAINST SUNBURN

Sunbathing sensibly is an important protection against the harmful effects of the sun's rays

for everyone, not only the fair skinned. You can enjoy developing a good tan this summer without sunburn disrupting your activities if you follow these simple guidelines:

- 1. Plan to sunbathe before 10 A.M. and after 2 P.M. The sun rays that burn and may cause skin cancer after years of exposure are most intense two hours before and two hours after noon. Remember that during Daylight Savings Time, "noon" becomes 1 PM.
- 2. Use one of the many sunscreens on the market. You can select a preparation according to its sun-protection factor -- 2 to 15 or higher -- which is printed on the label. The higher the number, the greater the protection. For instance, using a sunscreen with a protection factor of 10 generally means that you can stay in the sun without reddening 10 times longer than you could otherwise. If you are very fair skinned or have had skin cancers, use a product with a sun-protection factor of 15 or higher. If you tan easily, a preparation with a lower sun-protection factor is appropriate. Don't consider that you need little or no protection if you tan easily. Your skin will still absorb light energy and develop more wrinkling, freckling, and aging than the skin of those who protect their skin.
- 3. Swimming and perspiration can remove much of the sunscreen you initially apply, so be sure to reapply the preparation 1-2 times while you are in the sun.
- 4. Don't use preparations that dye the skin. They provide no photoprotection and merely stain the skin. Since the resultant brownish coloration is not a protective tan, you may develop a severe sunburn.

Oneida Septic Tank Pumping Service

The Oneida Septic Tank Pumping Service will be for Oneida Tribal members within Tribal boundaries.

The fee for the septic pumping will be as follows:

- \$30.00 - per tank or load
- \$20.00 - tank or load for disabled persons
- \$15.00 - tank or load for Senior Citizens (55 and older)

The fee will be collected upon arrival before pumping takes place. The fee will be paid in **cash only**. A receipt will be given to the customer at that time.

Senior Citizens rates will be determined on who is financially responsible for having the septic tank pumped; either the homeowner or the renter.

Pumping will take place every Tuesday and Thursday between the hours of 8:15 am and 4:00 pm. You can call 869-1059 or 833-7404 for scheduling. If there is bad weather or truck problems, we will call you for rescheduling at earliest convenience to you. Emergency pumping will be determined by contacting the H.I.P. Program. They will check your tank to see if it is an emergency.

The homeowner or whoever is responsible of the septic tank must have the manhole cover of the tank or tanks to be pumped exposed at the time scheduled for pumping. If you need assistance in locating the tank and cover, you can contact the H.I.P. Program or Environmental Health Department.

Art Display

There is an art display in the Business Committee Conference Room. The young people whose works are being shown are from the DePere school district. They are: Steven Centers, Cindy Thomas, Dawn Thomas, Preston Hill, Shawn Moore and Floyd Schuman, Jr. Their art works will be on display through July 30, 1988.

DANCE

Sponsored by the

Tickets: \$2.50
Pie auction and a silent auction

The time to start feeding a child right is nine months sooner than most people think.

The growth and development of your child depends on your eating habits today. If your diet is missing certain nutritious foods, it may affect the health of your baby.

THATS WHY THERES W.I.C. WIC is a program that provides special foods and nutrition education for pregnant women. All to help you have a healthier

baby. Our program participants receive free food including milk, fruit juice, cheese, and eggs. They also receive information on health and nutrition.

To receive benefits, you must have a health need and your income must fall within certain guidelines. Many people work and still qualify for WIC.

For more information, call ... 869-2711

Because good child nutrition begins with pregnancy.

Since its introduction in 1974, the WIC Program has provided nutrition education and supplemental foods to thousands of Women, Infants and Children throughout Wisconsin.

To be eligible for WIC, participants must have a nutrition-related risk that can be helped by WIC foods and nutrition counseling. The family must also have an income on no more than 185 percent of the poverty level, which means a family of four can make up to \$20,720 a year, and still qualify for WIC benefits. Unfortunately, many needy families do not know they are eligible.

Starting in February, the Wisconsin WIC Program launched an Outreach Campaign to reach families who may not know they qualify for WIC. The campaign is specifically targeted to pregnant women, but also includes breast feeding women, infants, and children with a nutritional need.

Agencies in the community can help WIC by referring women to the local WIC project as soon as they know they are pregnant. Health professionals can further enhance WIC's efforts by distributing WIC brochures and displaying WIC posters. For more information about the WIC program and Outreach materials, contact your local WIC project and the Oneida Health Center (869-2711), or the Wisconsin WIC program (608-266-0220).

WIC is an Equal Opportunity Program.

REMINDER

Now is the time to start to schedule your child with his/her school dental examination for the fall of 1988.

All secondary schools such as nursery school, Flandreau, S.I.P.I. and Haskell will require

a dental form to be filled out. All kindergarten students will need dental examination forms, and most public schools require some kind of dental checkup. When calling, be sure to let us know that this is a school exam to enable you the appropriate appointment time.

HELP!

Oneida Dental Clinic needs your help!

We have a backlog of dental patients we COULD see sooner with your help. If you have a dental appointment and are unable to keep it for unforeseen reasons, PLEASE CALL to cancel as soon as possible. We will be more than happy to reschedule you with another dental appointment and this will enable someone who is waiting to be seen.

If a scheduled patient fails to cancel their appointment, or doesn't show up, that patient is taking valuable appointment time away from someone else who needs dental care.

Our "Broken Appointment" policy is as follows:

Two broken appointments (not showing up or 15 or more minutes late) in a six month period, will result in that patient being placed on a three month waiting list. (This means that the patient will not be seen for three months)

The dental clinic is open Monday through Friday from 8:00 a.m. to 5:00 p.m. (and during the noon hour).

Lets all be considerate of our neighbors, family and friends ... Please cancel your appointment in advance to allow someone else the opportunity to have dental care.

Thank you - Oneida Dental Clinic

A GENETIC LINK TO GUM DISEASE?

Early results of a study on 30 pairs of twins, indicate that 50-85% of chronic adult gum disease may be inherited.

If identical twins are twice as similar as fraternal twins, than this would suggest a genetic component to the disease.

Obviously, if research points to a genetic component of gum disease, there's evidence that if this is in your family, you might be more inclined toward preventive care against gum disease.

It is important to note that just because its genetic, doesn't mean that you're going to get it. It may be a question of how someone relates to specific microorganism. Still, finding a familiar link to the disease would be a boom to diagnosis and preventive treatment.

LAST GASP FOR TOOTH DECAY

Recent research shows promise of a brighter future. Tooth decay maybe a problem of the past within a few years. A researcher at Forsyth University in Boston is developing an anticavity bacteria that could provide a lifetime immunity from cavities.

Dr Jeffery Hillman is working with a mutated version of the bacteria thought to cause decay. When applied to the teeth once, the harmless mutated bacteria should (theoretically) crowd out the cavity-causing strain of bacteria. Dr Hillman has successfully tested the bacteria on laboratory rats and human adult volunteers.

A spokesman for the American Dental Association notes that the system is still very much in the experimental stage and approval for general use would be several years down the road.

The Tooth Fairy's Not Alone In Saving Kids' Teeth

Enemy of the cavity, protector of teeth, fluoride was discovered more than a hundred years ago but was not widespread in use until the 1950's.

It was H. Trendly Dean who changed the course of fluoride history. Between 1937 and 1942, this researcher at the U.S. Public Health service conducted experiments that showed the effectiveness and safety of fluoride in preventing dental caries. Soon after, fluoride was added to the water supplies of many American towns and cities. In 1955 Crest became the first toothpaste on the market to incorporate fluoride into its formula. Virtually all reliable medical sources stand by the safety and efficacy track record of fluoride. So, if your community doesn't have fluoridated water -- almost half of the U.S. citizens fall into this category

What is Domestic Abuse?

The Oneida Tribe's Domestic Abuse Program Provides Confidential Services of:

Battering, or the use of physical force, is part of a system of behaviors used to establish and maintain power and control over another person.

Intimidation

Putting her in fear by using looks, actions, gestures, loud voice, smashing things, destroying her property

Isolation

Controlling what she does, who she sees and talks to, where she goes.

Emotional Abuse

Putting her down or making her feel bad about herself, calling her names. Making her think she's crazy. Playing mind games.

Economic Abuse

Trying to keep her from getting or keeping a job. Making her ask for money, giving her an allowance, taking her money

Sexual Abuse

Making her do sexual things against her will. Physically attacking the sexual parts of her body. Treating her like a sex object.

Using Children

Making her feel guilty about the children, using the children to give messages, using visitation as a way to harass her.

Threats

Making and/or carrying out threats to do something to hurt her emotionally. Threatening to take the children, commit suicide, report her to welfare.

Using Male Privilege

Treating her like a servant. Making all the "big" decisions. Acting like the "master of the castle"

These behaviors are more powerful because they are reinforced by the threat or use of physical abuse.

ALATEEN

Wednesday nights 6:30 to 7:30 p.m. in Chemical Dependency Conference Room, in the Norbert Hill Center (North Wing).

THE CAREGIVERS SUPPORT GROUP

Here, we are bringing together loving care that is absolutely necessary to Oneidas who have become dependent on the care of another, and loving care that is a temporary necessity for the Primary Caregiver.

We are, as yet, organizing which way we can best provide continuing care for our relatives who have become dependent upon us. We have been meeting for over two months; sharing concerns, trading tips, and generally giving each other emotional support in the service that we provide. Now, we are in the process of gathering as much Respite service as we can so that we can share the tasks as well as the sense of achievement.

If you are now a caregiver...if you have a relative or friend who is a caregiver...if you see yourself in the near future as being a caregiver to a parent, spouse, aunt or uncle, other relative or friend...

Come join us...come learn with us...come share with us...

Every LAST WEDNESDAY of the month, from 7 to 8:30 p.m., in the Lounge of the Multi-Purpose Center on Riverdale Drive (County J). Next meeting...May, 25.
 or call Mindimoye, 833-2911.

ask your dentist about fluoride supplements for your family. Fluoride works both systemically (in water, tablets and drops) and topically (in toothpaste and mouthwash).

The Oneida Dental Clinic encourages patients with well-water to have their water checked to see if an adequate level of fluoride is present to help ensure cavity-free teeth.

CHECKING UP ON YOU SALIVA, or “New Saliva test detects cavity risk”.

Soon, a few days after a child’s dental visit, parents may receive a “report card” with some bad news: The youngster’s cavity risk is higher than normal. The good news: with this early detection test; there is still time for prevention.

This dental report card is actually a new office test “Cariescreen SM” -- that measures salivary levels of the long-suspected cavity culprit, Streptococcus Mutan (a bacteria). Designed to identify the patients with high bacterial counts (and a greater cavity risk), this quick screening tool is especially important for cavity prone youngsters or adults heading for extensive restorative work. With this test, the use of fluorides or sealants could be timed more appropriately for kids with high counts. And home oral hygiene and dietary advice could be boosted.

To do the test, a saliva sample is incubated in a vial of fluid for 48 hours. The result is then compared with a simple chart. After reviewing other risk and treatment considerations, a patient profile (dental report card) soon follows in the mail requesting another dental visit if needed or reminding patients to follow a specific oral-hygiene program. Possible followup visits will the nutritionist may be necessary to modify behavior relative to the patients dietary intake.

This test provides the dentist with more clinical data to better suit your individual treatment needs.

***** ATTENTION *****
CO-ED BABYSITTING CLASS

July 12th, 13th & 14th, 1988
 8:30 a.m. - 12:00 noon
 Norbert Hill Center - North Wing
 Human Service Conference Room

Must be at least 11 years old to participate and must attend all classes.

Babysitting class will include the following:

- * Babysitting responsibilities
- * Characteristics of children
- * Selecting toys and games
- * Supervising children
- * Accident prevention
- * First Aid
- * Basic Care of Children
- * Feeding children

There is no charge for these classes. You will be eligible for a Red Cross babysitting certificate upon successful completion of the course!

If interested in the class, please sign up with Bev Anderson at (414) 869-2214 ext. 410.

Instructors are Cristina Danforth, Crisis Respite and Sandra Hill, Family Services Director.

NEW SUMMER HOUR FOR THE FITNESS CENTER!

As of June 15th the Fitness Center will be open at 7:00 am and close at 8:00 pm on weekdays. The new hours were made in attempt to allow more time to work-out before work when it is cool outside. We will still be open from 8:00 am to noon on Saturdays. The new hours will continue through-out the summer. Work out in the morning before work and start out the day right!

Kalihwi-yo

Happy belated birthday to Ricky on June 1st.
Love ya, K. Danforth xxxxxxxx

Good luck to Jolene Lynn Parker during the Jr.
Miss Oneida Pageant.
Love, Auntie Frog

Happy birthday to Jessie from Beans

Happy birthday to Jessica Powless, July 26 - "Big
2"

Love Auntie Georgia & Cheyenne

Happy birthday to Messy Jessie Powless on Ju-
ly 26.

Love Pop Pop & Granma

Happy birthday to Brian Denny "The Nuts" on
June 19th.

Love Mom, Bucky & Stacie

Happy birthday to Jackie Schuman on June
21st. Welcome to the teenage years. Don't give
us too much trouble.

Love Mom, Dad & Bro

Just a word of congratulations to Kitty Skenan-
dore and Tom Webster on the birth of their son
- Mark Thomas Webster on May 22, 1988.

CONGRATULATIONS to Yvette Klimmek for
your straight A report card at Southwest High
School.

We're proud of you.

Grandma and Grandpa Skenandore; Auntie
Sandi, Sid and Fawn, Uncle Randy, Auntie
Kathe & Oakley.

CONGRATULATIONS to Bruce King for
graduating from Yale University in New Haven,
Ct. He received his Masters Degree in Public and
Private Management. He is the son of Mr. & Mrs.
Edwin King. We are all very proud of you Bruce
and your accomplishments.

Love from your family.

CONGRATULATIONS Jason King, son of Bev
King and Ronnie King, and grandson of Edwin
and Lillian King, and Sadie Metoxen, and Kody
House; son of Gary E. and Sharon House-
Cornelius, grandson of Roy and Leone House,
and Delora Cornelius, for being chosen for the
"National Stars of Tomorrow" Baseball Tourna-
ment held in LaCrosse, Wisconsin June 23, 24
and 25th, 1988. The tournament is restricted to
boys 16 years of age and under. Jason and Kody
were two of twelve boys chosen from West
DePere High School and Ashwaubenon High
School. 32 teams from the United States will be
participating. Both boys are Oneida Tribal School
graduates and are presently coached by Harlin
and Sonny King.

Happy Birthday to my daddy "Butch" Summers
on July 2, love you very much xxoo!!!!
Your little daughter "Beans"

Happy Birthday to my:

Uncle Brian D. Denny on June 19,
Great-Grampa Howard Denny on June 20,
Grampa Rich Summers on June 24,
Cousin Rodney Hill on July 6 &
Uncle Jimmy Hill on July 7.
Love "The Beans"

I would like to wish my sisters "Happy Birthday"

Veronica Hill June 17th,
Isabelle Parker June 19th,
Florence Petri June 21st.

Plus happy birthday to big brother-
James Hill July 7th.

Love from your baby sis, Sarah Hoffman and
family.

Happy belated birthday Lori Habeck on June
8th.

Love Peril

Announcement & Notices

Land Office Information

FOR RENT

Large 4-bedroom farm house for rent located at 559 Airport Drive. Available to move in by July 1, 1988. This home is well kept with a bath and 1/2, full basement, nice yard, 2-stall garage. Nice country living for a large family. Contact the Land Office for further information. Closing date for applying is June 24, 1988.

HOUSE TO BE MOVED

We are taking bids on the removal of the former Appleton house located next to Oneida One Stop. All bids are to be submitted to the Oneida Tribal Land Office in writing, deadline is June 30, 1988.

"GREEN EARTH" MOBILE HOME COURT

We still have vacant lots in the mobil home court. Available are six (6) single lots and four double-wide lots, if you anticipate moving in, please stop in at the Oneida Tribal Land Office to verify your income and put a down-payment on the lot of your choice.

HOUSE FOR SALE

2-story Brick Ranch Style Home with four (4) bedrooms, bath and 1/2, 3-stall garage and 42' x 72' metal shed. This house is located on 2 acres of Tribal land. Buyer would receive a 50 year lease to the land. The property is located on "EE"-1/4 mile east of the Nursing/Health Facility. Only serious inquiries should contact the Oneida Land Office at 869-2214 ext. 335.

FOOD DISTRIBUTION PROGRAM

Effective July 1, 1988, the regular issuance schedule will be:

Monday through Thursday - 8 to 12 and 1 to 4 p.m.
Friday - 8 to 12 only

We are always closed the last five working days of each month.

Please note!!! We are discounting the extended issuance hours during the first two weeks because the extra issuance time was not utilized enough to show a need for this service.

FREE CHEESE AND BUTTER

There will be no free cheese and butter distribution for the month of June at the Methodist Church. Wait for further notice for July distribution.

Weatherization FY88

The Oneida Tribe once again has funds to weatherize tribal homes that qualify. The priority is to serve as many low-income households as possible. The highest priority is given to elderly and handicapped persons. The income is based on three (3) months earnings at 150% of poverty or less. Income guidelines are listed below.

Households that receive SSI-AFDC/FS/RNIP are automatically eligible.

Those households on or near the reservation (which is 25 miles from the reservation boundary) can qualify.

All persons must be screened through the Oneida Tribal Income Maintenance Program, County "H" and Fish Creek Road, contact person is Jean Funk. Qualified applicants will be forwarded to Jerry Kurowski and to NEWCAP to be served.

Don't wait! If your house is cold and is costly to heat, see if you qualify as soon as possible.

The household three-month income limits are:

Household Size	Gross Quarterly Income Limit 150% of Poverty or Less
1	\$ 2,062.50
2	2,775.00
3	3,487.50
4	4,200.00
5	4,912.50
6	5,625.00
7	6,377.50
8	7,050.00
9	8,475.00

For each additional person add 712.50

CONGRATULATIONS!!

A Detachment Formation was held for Jason J. Kurowski to receive two certificates of Achievement. One is for Outstanding Performance during the NWTI (Nuclear Weapons Technical Inspection) and signed by the 59th Ordinance Commander, Gen. Cunningham. The other certificate was for Outstanding Performance during the BSE (Brigade Security Evaluation) and was signed by Brigade Commander, Colonel Cloud. Jason was the only one in his team to receive these two achievements.

Jason is a Military Policeman in the United States Army and is stationed in West Germany. He is the son of Jerry & Jeanne Kurowski. Great job & we're proud of you!! We love you. Dad, Mom, Jennifer, Nicole, Donna, KoKomoss & Michelle.

Congratulations to Monica Powless and "Bla" Nunies who recently became the proud parents of a beautiful daughter born, June 4, and came into this world at 8 lbs. and 15 oz. and was 21 inches tall. Their newborn daughter has been named "Sunshine Delores" and is doing just fine. So, thumbs up Monica!

CONGRATULATIONS TO THE GRADUATING 8TH GRADE CLASS OF THE ONEIDA TRIBAL SCHOOL. Pictured above are top: l-r:

Johnny Powless, Sherry King, Robert Webster, Melinda Danforth, Falling Leaves Webster, Cara Barnes, Apache Stevens, (bottom l-r) Jeff Thomas, Thurston Denny, Gordon Skenandore, Renita Christjohn, Sheila Shawanokasic, Melanie Skenandore and Corben House.

NATIONAL INDIAN NEWS

Reagan's Remarks On Indians Are Ill Received

WASHINGTON, DC (IPN) - Remarks by President Reagan that the United States should not have humored Indians by letting them live on reservations away from the rest of American life, drew heavy criticism from Indian leaders.

"Maybe we made a mistake," Reagan said. "Maybe we should not have humored them in wanting to stay in that primitive lifestyle. Maybe we should have said, No, come join us. Be citizens along with the rest of us. As I say, many have. Many have been very successful."

Indians were given "millions of acres of land for what we call preservations, or reservations, I should say," on which to live, undisturbed by the government, Reagan said.

"And we set up these reservations so they could, and have a Bureau of Indian Affairs to help take care of them," he said.

"Some of them (Indians) became very wealthy, because some of those reservations were overlaying great pools of oil," Reagan said. "And you can get very rich pumping oil."

Suzan Harjo, director of the National Congress of American Indians, said Reagan's answer to a question about American Indian human rights posed at Moscow State University was "insulting and dissembling."

"We find this effort to diminish our rights and needs, and to diminish our humanity by indicating that we should have not have been humored is its own best example of why this president will retire with a record as poor as that of General Custer," Harjo said.

Reagan's comments were a response to a student who asked if he would meet with three Indians visiting Moscow under the auspices of the militant American Indian Movement.

A delegation of American Indians traveled to Moscow to inform Soviet leader Mikhail Gorbachev and Reagan about the United State's abuses of Indian human rights and to counter Reagan's criticisms of Soviet abuses.

The official Soviet Peace Committee organized a press conference to hear their views.

"The Evil Empire is in the West," said Russel

Redner, coordinator of the Leonard Peltier Defense Committee. "There are many, many human rights violations in the USA."

Peltier, an American Indian activist, is serving life imprisonment in the United States for a conviction in the killing of two FBI agents at the Pine Ridge Reservation in 1973.

The Peltier defense committee has been arguing that a new trial should be held for Peltier due to new information revealed under the Freedom of Information Act that shows the United States withheld evidence in its investigation of the killings.

"The Reagan administration has the worst record in human rights since Eisenhower," said Karen Parker, an American lawyer with the Indian delegation.

Reagan said he did not know the Indians were in Moscow, but he would be willing to talk to them.

Harjo said Reagan was speaking out of character, because he has never agreed to meet with Indians in the past.

Reagan did not have time to meet with the Indian delegation while in Moscow, their complaints will be heard at another time in Washington, said White House officials.

Peter MacDonald, chairman of the Navajo Nation, told the Rotary Club of Washington, that Reagan's suggestion that tribes enjoyed oil wealth, is not true for most Indian tribes.

In response to Reagan's remarks about Soviet human rights violation, MacDonald pointed out the U.S. government's role in forcing 10,000 Navajos to relocate from their ancestral tribal lands as part of a congressional act to settle the Navajo-Hopi land dispute.

"They (the Navajos) have been practicing their religious rites right there on that land they call Mother Earth as something inseparable from them," MacDonald said. "Yet, they are being subjected to this gross violation of human rights. And this project is being carried out by the federal government."

MacDonald joked about recent reports of the

FUN AND RECREATION

ON A SMALL BUDGET!

A small child explains "work is what I have to do to... play is what I like to do!"

What you choose to do with your free time can:

- Relieve stress and boredom
- Lead to a worthwhile project
- Give new life to your job or family relations

What to do:

- Browse through newspapers or magazines
 - Go to the library
 - Call the local park and recreation department
- ASK FOR INFORMATION TO SAVE YOUR RECREATION DOLLAR!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!**

Quiet Activities for Mom

- Read a favorite book (or one read on the radio)
- Trade magazines with a friend
- Work on a craft project
- Repot a plant
- Listen to music
- Relax in a bath or shower
- Try a new hairdo

Outdoor Activities for Children

- Make sandwiches for a picnic
- Plant a mini-garden or flower
- Go swimming, fishing or biking
- Watch birds at the Wildlife Sanctuary
- Go to the zoo at the Reforestration Camp
- Find wild flowers at Bairds Creek park
- Hike the neighborhood and draw a map or what you see
- Take a car or bus tour of the countryside
- Listen to an outdoor music concert
- Sign up for activities with the local parks
- Watch a Little League baseball game.
- Plan a trip to a sandy beach
- Start a rock collection
- Camp in the backyard

Indoor Activities for Children

- Tour the museum
- Go to the library storyhour
- Write a short story together, develop a puppet play
- Make table placemats from old greeting cards
- Write or draw a picture to grandma or a special friend
- Plan a trip out of town
- Make a special food snack
- Daydream together

Adult Activities

- Go for a walk with a friend
- Watch a free sports event
- Have a backyard cookout with friends
- Plan a dance party at your home
- Plan a block party for the neighborhood
- Listen to music
- Watch a TV movie
- Have a popcorn party and play a game
- Get involved with a church group

Possible contacts for information about things to do or places to go:

Park and Recreation Department, City Hall.

Chamber of Commerce for community event pamphlets.

YMCA, YWCA or Community Center for classes offered and community exercise programs.

University, Extension or Technical Schools for school events, sports, plays, and classes (day or evening).

Church or volunteer activities at places like hospitals, nursing homes, libraries, youth organizations, community center, etc.

DO - IT - YOURSELF RECREATION

ENJOYING THE OUT DOORS
 EXPLORING THE COUNTRY
 PEDALING YOUR WAY
 RIGHT - AT - HOME
 SWIMMING
 CAMPING

Reagan's use of astrology to determine their calendar of events, and said he came to Washington because his "medicine man said it's a good day for it."

"And generally, I'll take the medicine man's conjuring of the spirits," he said. "Whereas I understand our first lady Nancy Reagan consults the stars."

MacDonald countered Reagan's comments that the United States has humored the wishes of Indians.

"We have not been humored by the federal government into remaining in our own so-called primitive lifestyle," MacDonald said. "President Reagan has the funny idea that poverty is part of the Navajo culture. That confusion is no joke to us because every day we are waging our own battle to conquer poverty on our land."

The Navajos have income generated by those energy resources, but the per capita annual income is \$2,400 and the unemployment rate is 40 percent, he said.

MacDonald also rebutted Reagan's comment that Indian tribes have been "given" land by the federal government.

"We were never 'given' land by the federal government," he said. "Our land belonged to us for centuries, and treaties between the federal government and our tribes establish our undisputed right to those lands, our homelands."

MacDonald said Reagan might have had good intentions in his remarks, but is not well informed about Native Americans. "He just didn't have the right information," MacDonald said. "Obviously, he was not informed about what Native Americans are all about."

Rep. Ben Nighthorse Campbell, a Northern Cheyenne and the only American Indian in Congress, said Reagan's claims that the United States "humored" Native Americans by putting them on reservations shows that he appears to have learned about Indians from his old Western movies.

"I only wish the president knew as much about American Indians as he seems to know about the Russians," said Rep. Campbell. "It's incredible he knows so little."

Brewery Drops Anti-Indian Treaty Beer

WAUSAU, WI (IPN) - The Hudepohl-Schoenling Brewing Co. of Cincinnati has

decided to stop packaging and marketing Treaty Beer, the proceeds of which are used to fight Indian treaty rights, said the brewery's president.

The beer does not reflect the opinions of the company's management or purpose, said Kenneth Lichtendahl, president of the brewery. "In as much as it's not our label, not our message we did not want to be put in the middle between two factions," he said.

Stop Treaty Abuse Inc., an anti-Indian treaty rights group founded by Dean Crist of Minocqua, sponsored the beer. The group has been pressing for an act of Congress to abrogate Indian treaties because the terms are outdated, and Indians should not be allowed to use methods or have special seasons to exercise treaty rights that could deplete natural resources.

Last year, Hibernia Brewing Ltd. of Eau Claire packaged the beer, but also dropped it after about one month, saying the beer was too controversial.

Crist said he has no resentments toward Hudepohl-Schoenling, which had filled about 2,000 cases of STA's cans with beer that was sent for sale to Wisconsin. The agreement was made to terminate the beer manufacture because of the controversy and low sales volume, he said.

"I negotiated a multimillion-dollar contract (with the brewery) and whereas they tolerated an enormous amount of unjust criticism, the volume just never materialized," Crist said.

The beer can labels presented an image of a speared fish and the slogan, "True brew of the working man." The beer was criticized by several human rights groups for creating a potential "hate campaign" against Indians.

Sharon Metz, executive director of the Lutheran Human Relations Association of America, based in Milwaukee, said she was pleased with the brewery's decision to drop the beer.

8TH GRADE OUTSTANDING STUDENT ATHLETE AWARDS
 Corben Houe, Johnny Powless, Melinda Danforth, and Apache Stevens

Congratulations to all of the fine athletes of the Oneida Tribal School, past and present.

Gary Cornelius carrying his teams torch.

TORCH RUN FOR SPECIAL OLYMPICS

The Oneida Public Safety Department joined other law enforcement officers in a relay run to Stevens Point. The purpose of the run was to raise money for Special Olympics, the world's largest program of sports training and athletic competition for people who are mentally retarded.

Six squads, each armed with a single torch, ran a relay from six different cities (Green Bay, Milwaukee, Madison, LaCrosse, Eau Claire and Wausau) to Stevens Point.

Oneida's Public Safety Officers who joined the relay were Gary Cornelius, Kendall Barton, and Jeff Metoxen. These men joined other area officers in the run from Green Bay. Over 600 miles was covered in the six runs.

The runners converged on Coleman Field on the campus of the University of Wisconsin-Stevens Point for the opening ceremonies of the state 1988 Special Olympics Summer Games the evening of June 9th. Their torches lit the Flame of Hope, which burned during the games.

Squad cars from area law enforcement agencies followed the runners on their trek to Stevens Point.

SPORTS AND RECREATION

ONEIDA RECREATION

Oneida Recreation will be having the following programs going on this summer.

If any of the youth would like to participate in any of these feel free to call us and we will see that you are placed with someone.

Monday evenings: Girls Softball Teams in a league in Howard. This is for girls 12-15 and 16-18 years old.

Tuesday evenings: Soccer League that will be playing up at the Norbert Hill.

Wednesday afternoons: Dance classes in the gym at the Civic Center. The classes are going to be held for 45 minutes a session. Youth ages 5-12 can sign up.

We are also having beading sessions that take place every Tuesday evening from 6:30-8:00.

We have baseball teams that play in a league in DePere, Babe Ruth players are ages 13-15.

We have a Legion boys baseball team that plays in the Fox River Valley Assoc. These boys are 16-18 years old.

We will be having a girls volleyball camp in June from the 13th to the 17th. This is for girls in the 7th to 12th grades.

If anyone has any questions on any of these, they can stop in and see us at the Recreation Center or call us at 869-1088.

RECREATION SUMMER HOURS

Closed: July 3-4-5, July 11, 1988. 869-1088.

ONEIDA GIRLS SOFTBALL TEAM WINS

On Monday, June 13, the Oneida girls softball team played the Woodpeckers at Meadowbrook Park. Oneida won in an exciting game, 12-11.

Winning pitcher was KELLY DANFORTH, who went the distance pitching all six innings. Helped out with great defensive plays by KRIS DANFORTH (catcher), KRISTIE DUNLAP (1st base), JESSICA DANFORTH (2nd base), JODI STEVENS (shortstop), TRACEY HILL (3rd base), JEANNIE WAY (left field), SHERRY SKENANDORE (center), INGA CENTERS (right), APRIL KING (rover), and JOLENE WALKING EAGLE (sub).

Keeping the opponents outfield busy was April King, Sherry Skenandore, Kris Danforth, and the first home run of the year, Jodi Stevens.

CONGRATULATIONS GIRLS ON YOUR FIRST WIN!!!

Coaching the team was Arlouine Bain and Pauline Centers.

LIBRARY NEWS

PARENTS

Please have your children come down to the library and register for our Summer Reading Program.

We are providing a prize for every 5 books read. If you have a child who does not read, but is ready to, prizes are here for them also.

At the end of the program on July 29th, we are having a picnic for all of the participants of the Summer Reading Program.

THANK YOU

Thank you to the community for all of your support for: books, video cassettes, help with the book fairs, donations for special events (Christmas, Valentine's Day, Halloween, etc.) and for participating in our logo contest. Our staff is very thankful!
