To All Oneida Women!

You are invited to attend the Oneida . . .
"WOMEN REACHING WOMEN SUPPORT GROUP"!

It is not always easy as women, wives and mothers, to recognize our own needs as we try to meet the many needs of our parents, husbands, children and others. But in order to nurture and help others we must recognize the need to take care of ourselves. For it is only when we are strong that we can give strength to others.

WOMEN REACHING WOMEN promotes a sense of belonging, with the strict rule of confidentiality, which can encourage support groups participants to share personal matters without the fear of it getting out into the community. **An explicit rule of confidentiality also helps to foster a climate of openness and trust.**

MEETINGS ARE HELD ON THURSDAY
EVENINGS 7-9:00 P.M. at the Norbert
Hill Center in the Human Services Dept.
Conference Room in the North Wing.

Oneida Man Honored At State Fair

Oneida Tribal Elder Amos Christjohn has been honored as one of the 1987 Ten Most Admired Senior Citizens in Wisconsin. The honor was presented during ceremonies in Milwaukee last Thursday evening.

Christjohn, who is known as the "Keeper of the Oneida Language", received an elaborate plaque from Security Savings and Loan Association of Milwaukee and the Wisconsin State Fair, sponsors of the contest. June Tyler of Green Bay and Frank Buettner of Shawano, were also honored at the banquet held at the Marriott Hotel.

Friday, Christjohn and the other winners were treated to a day of activities at the Wisconsin State Fair. They attended Fair activities, including the Senior Talent Show, craft demonstrations and displays.

They also participated in the "High Stepping" Dance Contest and were introduced to the audience at the Grandstand Show, where they had reserved seats. During the afternoon, Amos and the other winners took part in a parade through the fairgrounds. Each rode in a special automobile.

The day ended with a buffet supper and refreshments at the Marriott.

Amos was nominated for the annual award by Oneida Tribal Chairman Purcell Powless. In his letter of nomination, Powless cited the 79 year old Christjohn for being "truly dedicated to the preservation of the Oneida Language and culture, and the traditions of our people in the most unselfish way."

Frank Buettner, Left, Shawano, Wis. and Amos Christjohn proudly sit behind their respective plaque awards.

Bingo Skimming Update to General Tribal Council

On January 28, 1987 information was received through the mail addressed to Oneida Tribal Bingo Hall, informing the recipients that there was the informant and six others that knew of exchanges involving, "tickets for dope". At that point a daily reconciliation of Bingo receipts was done and shortages were discovered. After a review by the Oneida Public Safety Department and Oneida Tribal Attorney Francis Skenandore of the information provided by Bingo personnel it was determined a federal crime had been committed, and it was necessary to contact the FBI. On February 16, the FBI was contacted and the first meeting with them took place the following day. That meeting resulted in a decision to conduct a joint investigation. Following a meeting with the Oneida Business Committee on February 23, 1987, it was decided on February 25th, that there was a necessity to hold a press conference to release information about the skimming. On February 27th, a press conference was held with the local TV stations and newspapers. The press conference was held by Chief Jim Danforth and Attorney Francis Skenandore at the Norbert Hill Center in Oneida.

On March 3, it was approved by the Oneida Business Committee to have an audit conducted by a local Green Bay firm, Wipfli-Ulrich.

Once again on March 20th, they met with the auditors because of information pertaining to free bingo passes. This information prompted further investigation of records surrounding the dissemination of free passes. On April 3, 1987 the Oneida Business Committee directed that no free passes be issued unless approved by the Oneida Business Committee.

Initially it was decided to set some objectives in pursuing this investigation. The following are those objectives:

1. That a preliminary determination be made as to the amounts and how long the shortage had occurred.
2. There was a need to determine what persons were possibly involved.
3. That the shortage must be stopped immediately.

4. An audit was recommended to determine exact losses.
5. Attempt to bring charges against individuals involved.
6. Immediate implementation of stricter controls in the pull-tab areas to stop the skimming.
7. That a management review be done.

On May 5, 1987 the investigation was completed and forwarded to the United States Attorney General, Francis Schmidt (U.S.A.G. Schmidt) of Milwaukee for a review and determination of what charges would be filed against individuals involved. At the time of the semi-annual July 6th General Tribal Council meeting, some individuals involved had been sent letters requesting them or their attorneys to contact the U.S.A.G. Schmidt by July 8, 1987. If these individuals did not make contact by the date stipulated in the letter, they would become subject to possible indictment by a grand jury. Two individuals have contacted the U.S.A.G. Schmidt in Milwaukee.

To date, no formal charges have been filed. There is a possibility, still under investigation that a tribal member off the reservation could be connected to the Bingo skimming.

Other information pertaining to the abuse of free bingo passes is still under investigation by the Oneida Law Department and the Oneida Public Safety Department. At this time this information is being reviewed. The abuse of free bingo passes is considered peripheral information that does not directly affect the pull-tab investigation.

ATTENTION

The Oneida Conservation Board/Dept. will be holding a public hearing August 29, 1987 at the Norbert Hill Center Auditorium from noon until 3:00 p.m. The purpose of this hearing is to get community input into the 1987-88 Oneida Conservation Hunting & Fishing Regulations.

The Conservation Board will be holding a regular meeting to update the public on their duties, concerns, and projects. Your ideas and input will be appreciated.

The Hunter Safety certification for 12-16 year olds will be strictly enforced this year. All must comply if they intend to hunt within the reservation boundaries. All hunters should be aware that sportsmans permits will not be issued without a hunter safety certificate. This coincides with the state law which is also mandatory.

Hunter Safety Classes will be set up with a minimum of 7 registrations. Interested persons should call 869-1420 or leave a message in the Public Safety Office - 869-2345.

WISCONSIN CONSERVATION CORPS

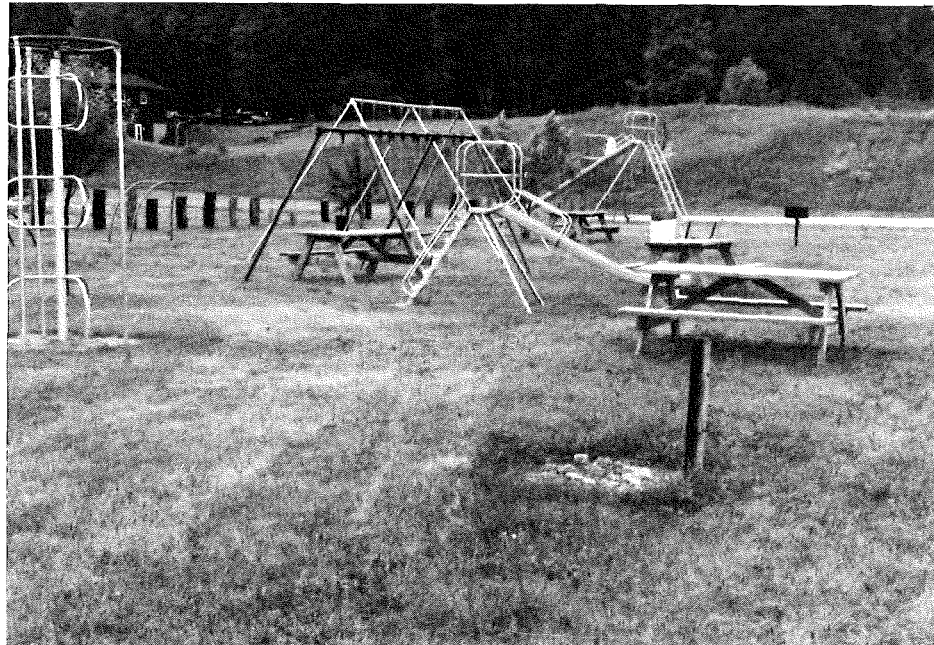

This month a new WCC crew will start working on the reservation.

The former WCC crew worked hard to improve the look of the reservation. The old crew consisted of: Candi Cottrell-Danforth, Tim Cottrell, Dan Melchert, Melpheus Smith, Bruce Doxtator, Keith Cottrell, Kevin Cottrell, Gerald "Jeb" Cornelius, and Jeff Veum, the crew chief.

Here is a look at some of the improvements the crew made.

All the housing sites (except one) obtained a new or improved playground equipment. Above is the playground on Wolf Drive; below, is Cora House Site.

Nature trails were established; this is in the Wolf Drive housing area.

NOTICE TO ONEIDA TRIBAL MEMBERS:

We have completed the negotiations of the Catholic Diocese property lands totaling approximately 298 acres. This has taken about 1½ years to finalize. The closing date is on or about November 1, 1987. This property is extremely important to our future expansion.

We also have completed the negotiations on the "Quarry property" (Overland and J) and will be closing in mid-September. This is approximately 50 acres.

Please call the Land Office if you wish more information on these properties.

The WCC crew constructed a scaled down
replica of a long house on the Norbert Hill Center
grounds. The replica will be used for educational
purposes.

front of the completed long house.

WCC constructed picnic tables, signs, repaired
and replaced playground equipment, developed
trails, supplied firewood and worked at control-
ling erosion. In the picture above one of the new
picnic tables has fallen victim to vandalism. The
hard work that our young people have done in
the last year should be shown more respect than
this.

Employee TB Screening:

The Community Health Department will offer two TB Screening clinics each month in order to accommodate the employee screening requirement. One will be offered at the Norbert Hill Center, and one will be offered at Bingo.

We will administer the skin test the first day at each site, and two days later we will be back to read the skin test. If you cannot return on the second day to have the skin test read, it will not be recorded, and you will need to have the test repeated. Skin tests are also available on the walk-in basis through the Community Health Nursing Department --- we do suggest that you call first.

NO SKIN TESTS CAN BE GIVEN ON THURSDAYS.

MISDIRECTED BILLS FROM HOSPITALS

As you may or may not be aware, not all processing of lab tests that you have blood drawn for are done here in the Health Center's laboratory ... more complicated tests are done at one of the local Green Bay hospitals.

Every now and then, the hospital errors by sending the bill to you (the patient) instead of sending it to us. Simply mail or drop off the bill here at the Health Center and Contract Health Services will take care of it. (Remember, CHS will cover these bills only on lab sent out from the Health Center; if you have your blood drawn for testing at some other clinic, by your own choice, the bill for those services is your responsibility.)

CONTRACT HEALTH SERVICES

Contract Health Services are provided to eligible patients when referred by a Health Center Doctor. Contract Health funds will not be used to provide services which are available at the Oneida Health Center.

All available resources must be exhausted before Contract Health Services can be utilized. If you have insurance or Medicare, please inform the Contract Health Department when payments are made, so that we can pay the balance on your referral. We cannot pay co-payments for Medical Assistance or balances that (MA) Med. Asst. does not pay. (If you are on (MA) Medical Assistance, PLEASE present your card for ALL services.)

In case of an emergency situation, you must call one of our providers at the Health Center: the number is 869-2711. If you are unable to contact someone before going to the Emergency Room, you must contact the Contract Health Department within 48-72 hours, or YOU WILL BE RESPONSIBLE FOR ANY BILLING related to your Emergency Room care.

St. Mary's Hospital is the only hospital which the Health Center Doctors can provide emergency care should there be a need to use the Emergency Room. If you go to another hospital for these services, YOU WILL BE RESPONSIBLE FOR THE BILL ALSO. If you have any questions on any of the above, please call Wanda or Patti, at Ext. 227 (869-2711) Oneida Health Center.

TO WHOM IT MAY CONCERN.... (OPTICAL)

The Optical Dept. at the Health Center had identified a large number of glasses that have been ordered as prescribed, but not picked up or paid. The intent of this notice is to advise you that if you have ordered glasses, you will be contacted to either pick up and pay, or make arrangements for such. There will be a **90 day waiting period** after which we will be returning your order to recover OUR cost on the frames. Your glasses will no longer be available except on a re-order/pre-paying basis. (A second pair of glasses will NOT be issued until the cost of the first pair is recovered.)

Also, we know that most insurances don't include coverage for optical needs (glasses) but encourage you to look over your insurance policy to assure yourself that possible coverage doesn't exist. Some companies pay for "safety" glass lens for their employees. Check it out with your employer! Thanks for your past cooperation and your future patience and understanding.

INDIAN SUMMER FESTIVALS I N C O R P O R A T E D

Indian Summer Festivals, Inc. is a non-profit corporation located in Milwaukee. It is composed of Native Americans who are committed to the development of an ethnic festival involving American Indians. The event will be held September 11-13, 1987 at Milwaukee's Summerfest grounds. This is the first year for this annual festival and we are excited about its possibilities.

Below are some of the special events which will take place during this weekend festival.

ENTERTAINMENT - For three full days, Indian Summer will offer non-stop performances of some of the most talented American Indian performers in the country. We will operate on 5 stages at once, with a variety of acts which will satisfy all ages and tastes. Musical performers - Bill Miller, Joanne Shenadoah, and Bobby Bullet, Comedian Charlie Hill along with a number of other nationally known performers will be playing each day of the festival. A Native American talent contest will feature non-professional Indian entertainers, competing for cash prizes.

INDIAN SUMMER EDUCATION PROGRAM - On Friday, from 12:00 to 5:00 PM, the grounds will be closed to the public. During this time, we will offer an educational program designed for grades 4-6. We are inviting field trip groups from around the area to learn about Native Americans through programs geared specifically for this age group. They will see dramatic performances and storytelling, native games and dance displays as well as Indian artists and craftspeople. The entire Indian Summer grounds will be open to these students with food and cultural exhibits throughout.

COMPETITION POW-WOW - Friday evening will be the start of the competition Pow-wow.

Dancers will compete for prize money of over \$16,000 in six different categories. The Pow-wow will run throughout the festival, finishing with an awards ceremony on Sunday evening. Associated with the pow-wow, will be a Miss Indian Summer contest. The winners will represent the festival next year.

OTHER ACTIVITIES - 5K Fun Run/Walk, Saturday; Sports Area, with demonstrations by Kevin Locke, boxing exhibitions, and demonstrations of Native games; Childrens Area, with a playground area, story tellers, and plays for children; Indian Village/Cultural Area, demonstrations of important Native American events.

Indian Summer is a great undertaking, and a real chance for us to display our heritage with pride and dignity. We think that its success is very important to Native Americans nationwide. If you are a quality vendor, talented artist or professional whose talents could help us, we would like to hear from you. If you are interested in coming to the festival, send in the ticket order form below, with a check or money order (no cash) for the amount of purchase along with a large, self addressed, stamped envelope and we will send you your tickets.

What Is a Good Blood Donor?

A blood donor is good for people who go through windshields and red lights.

For someone with Cancer, Hemophilia, or Anemia...or Hepatitis...or Ulcers.

For people being operated on...For people into "Feuding and Fightin"...

For people who are almost out of life because they're almost out of blood...

For a little girl who doesn't know that Leukemia has happened to her ... or why.

For a little boy who needs something revved up that wound down ... like energy.

For people having open-heart surgery...

For people who need a blood donor and also an organ donor ... a part as well as a pint ... a new heart or new liver, a lung or a kidney...

For new babies needing new blood...

Or new mothers needing a transfusion...

For little kids who get into something poisonous or fall into something sharp...

For people who fool around with something that explodes, goes off, bites or shatters,

For people burned pretty bad...

For daredevils...For Tree Climbers...

For people in the wrong place at the wrong time...

A blood donor is good for people who are in a lot worse shape than most people you know,

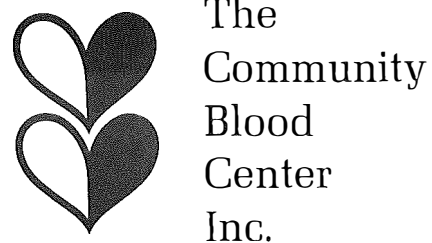

SOMEONE NEEDS A LITTLE OF YOUR BLOOD, A LOT!

PLEASE, give blood at the Oneida Community Health Center Blood Mobile, on

CORRECTION: Pictured below are Alpheus Smith and **Carolyn Hindman**. This picture appeared in the July 24, 1987 issue and the little girl was incorrectly identified.

LETTER FROM MS. HINDMAN

Dear Editor:

I just received my copy of "KALIHWSAKS" this morning and was amazed to see a picture of my uncle, Alpheus Smith, and my daughter on page 7. My cousin, Nathan Smith, probably did not know who the little girl was, but I know because I took the picture myself. She is my daughter, Carolyn Hindman, who has now changed her name to "Scout Stormcloud" because she is an artist and thought she should have a more Indian name.

My father was Harrison Smith, brother of Alpheus, who predeceased him. You can check this with Mrs. Frizzel Elm, their sister, I have this same picture in my living room.

I would appreciate your printing the correct name in your next issue of the Kalihwisaks. Since changing her name to Scout Stormcloud, my daughter has married and her name is now "Mrs. Cass Hook," who lives in Texas. She also receives the Kalihwisaks, since she is on the roll.

Thank you for your courtesy.

Sincerely,
Gladys Smith Hindman
(Mrs. John Hindman)

Seymour School District The Pace Program

PACE is an alternative education program in the Seymour School District. The 3 broad goals of the PACE Program are: Personal, to develop positive mental attitudes toward self, others, schoolwork and life; Academic, to develop basic skills of communication, computation and logic to make decisions and solve problems; and Career, to develop the confidence and desire to acquire skills necessary for employment.

The programs driving force is the student who will develop the ability to solve problems, make decisions, self control, self awareness and personal responsibility for his/her actions in all areas of life.

Students in the PACE Program are in school part of the day and work outside the school for part of the day. The student is required to complete school work and tasks assigned to them on the job site.

The following letter was sent to Mr. Tech, who is in charge of the PACE Prgram at Seymour High School.

Dear Mr. Tech:

This letter is written in recognition of Charles E. Snelius. Chuck was assigned through the PACE Program at Seymour High to the Oneida Maintenance Garage from October '86 to April '87 (400 working hours) as an Automotive Technician.

Chuck's duties included inspection of vehicles (mechanical: checked belts, hoses, fluids, tires, suspension, brakes, lights, filters, etc.). Vehicles were checked to determine if oil changes/tune-ups were due and if so, they were completed. Chuck also was involved extensively in automotive detailing. Detailing a vehicle is a long and tedious task. If completed in a meticulous manner, the vehicle is reconditioned and left immaculate. Chuck's detailing of vehicles was done in such a fashion that many compliments from drivers and administrative employees were given.

Chuck also was involved in the clerical aspect of a technician's duties including answering phones, writing work orders, adding sales slips, dealing with the public, filing work orders, inspection forms, and other paperwork, and pricing merchandise.

Chuck was also involved in repairs of small engines and other duties as directed.

Thank you for allowing the Oneida Maintenance Garage the privilege of having such an outgoing and efficient person on-the-job.

If, in the future, the PACE Program would like to place a student at the Maintenance Garage, please feel free to call and arrange a pre-screening and interview. After such a positive experience, it would be a pleasure to consider another PACE student.

Thank you again.

Very sincerely,
Sharon E. Archiquette
Vehicle Dispatch

Harriet Alicea, the Home School Coordinator for the Seymour Community Schools, sent us this information and added: "It is nice that the programs which support a student will take the time to express appreciation when a job is well done. This type of letter builds self-esteem and confidence that one can achieve and look forward to a future goal."

NEWIST/JTPA PROGRAM

As part of the NEWIST/JTPA Summer By-Youth Program, the Oneida Indian Student Workers will be making documentaries concerning the life and the pride of the Oneida Indian Reservation.

The students are learning to gain hands on experience by using telecommunication equipment, such as cameras, microphones, sound monitors and editing boards.

The program is mainly to teach the students to become good communicators within their group, understand the responsibilities, and to be able to explain their project to others.

By the end of the program students should be able to learn to listen, speak, write and cooperate with co-workers and with the community. They should also seek, find and keep a job and meet the challenge of entering the business world.

There are three production groups consisting of four students per group. Each group will be producing their own half-hour documentary.

The first group concerns the **Youth. The members are Travis McDaniel, Reggie Danforth, Angel Skenandore, and Vickie Hill.**

The group went around and asked some questions to many adults and youths on what they thought were the main problems for youth on the reservation, what improvements could be made, and what they see for the future of the youth.

The second group is based on Cultural Events (Pageant & Pow-Wow). The members are Shiela House, Pam Denny, Natalie Denny, and David Batiste.

The third group concerns **Drug and Alcohol Abuse.** The members are Phil Doran, Carl Barnes, Rodney Reed, and Phillip Jordan.

Kim Hoerning is the telecommunication trainer for the summer project. Ed Delgado is the Education & Job Training Counselor for the youth.

At the end of August the tapes will be completed. There will be a showing of the three documentaries, announced at a later date.

The Oneida Tribe will be keeping the tapes. If you would like to view the programs, contact the JTPA office.

LETTER TO THE EDITOR

That I am a member of this community, that I
live here, choose to raise my children here,
speaks to what I am first. It speaks to the invest-
ment and commitment that I have chosen to
make. It is my dream to be a part of the history
being made that will help the perpetuation of
future generations.

That I am an employee of the Oneida Tribe
which has been designed as a method to make
goals and dreams a reality is what I am second.
We are growing. We have become a large cor-
poration. That we can speak of being a success
in business is good, but that is not what makes
us unique as a community.

We have given consideration to each other first,
all of this time, as human beings and as families.
My time invested with the Tribe has not been for
personal gain or just employment, but as an in-
vestment in the future. A future I hope my
children will be proud to be a part of.

Consideration has always been given to the
women of our community. Let us not become
so "big" that we forget the importance of the
women. That social impacts on our people have
created many single parent families, our tradi-
tions can speak to living with those conditions,
keeping the best interest and welfare of our peo-
ple in mind.

For those in a position that must "discipline"
another member of the community, it is a dif-
ficult task. Because it is so difficult, I wonder if
this is a new way in our community to treat each
other? Is it a good way? Is it our way? Is there
a better way? Is it a way we can learn and
implement?

That employees are abusing sick time, do those
people understand their role in the development
of the Tribe? Has it been explained to them in
a good way, how we are all part of this together,
how their commitment to make this work is as
important as the next person's?

For those who see working for the Tribe as "just
a job" is there a greater damage being done?
Have we all as members of this community
spoken to the need for all of us to work together.
Pity on those who do not have the vision to see
past this work as more than "just a job".

Has the dictates of big corporation clouded our
vision? Have we come to view our developments
as employees vs administration? What of our
beliefs that we are all equal, that we are all equally
important? That everyone's ideas and opinions
are valid and important? Let's not get too "big"
that we forget we are a people first and that is
truly our foundation for success.

Let's spend the time to reinforce our importance
to each other, where we have been and where
we need yet to go. That we have a long road
ahead of us and that it is important that we travel
that road with a clear vision, and that we main-
tain the tradition that has kept us strong all of this
time.

Let's take the big business concepts and adjust
them to meet **our** needs. For those who can
clearly see the direction we must move in, for
those who understand the vision, trust and faith
in their commitment to that vision will in the long
run get more than a straight 40 hour a week
commitment.

For those who have swayed from that vision,
who have become "I" centered, we need to pull
those people back and remind them, at first gen-
tly but firmly, as it has always been done, with
concern and respect, that we have a long way
to go. There is still much work to be done. That
we cannot sit back yet, we still have history to
make and groundwork to lay for our next
generations.

Give managers the training they need to work
with sick time abusers. Allow those with a large
number of sick time accumulated to be given
credit due them. This much time accumulated
speaks to a commitment on their part--they
should not be penalized.

Speak to the issue of single mothers. Has con-
sideration been given to the women employees
of our Tribe? Is the personal holiday policy a big
corporation technique? Do we spend enough
time with our employees speaking to the impor-
tance of everyone's position? To rekindle the
loyalty? Does everyone feel a part of the work
being done? Do we make it clear and address
it often enough? Have we used a team spirit ap-
proach? If not, why? That's really what we are,
isn't it? Not just employees but the entire
community.

Letters to the Oneida People

THANK YOU ONEIDA TRIBE

I would like to thank all the Oneida Tribal members who have supported me over the past twenty years and have continued to support me through this election. I will continue to work with the people to upgrade the Oneida Reservation.

Thank you,
Purcell Powless

Sagoli Oneida Community

I would like to thank you for your support for the office of Vice-Chairman. I am very appreciative of your support.

The Oneida Nation is in a period of tremendous growth on many fronts; politically, economically, and socially. Members are returning home with the necessary skills to help, also elders are returning home to retire and to be with their family. For Oneida to continue to improve the quality of life, much more needs to be done from my perspective: Communications, sewer project, more staff in Social Services, health education, land acquisition, high school, economic development, jobs, housing, and a solution to environmental problems.

A philosophy of building our own Oneida economy with more small businesses, commercial development and jobs will help meet the needs and improve quality of life for our local people and for Oneidas who wish to return home.

Thanks again for the opportunity to serve you this term. I also encourage you to stay involved with issues facing our nation. If I can be of any assistance to you, please stop and visit, or call my office.

Sincerely,
Rick Hill, Vice Chairman
Oneida Business
Committee

GENERAL TRIBAL COUNCIL

Thank you for allowing me to serve you as councilman for the past six years. The Oneida Tribe is a progressive Tribe and I feel very honored in knowing I contributed to a part of this.

I wish to thank you for the support the General Tribal Council has given me for the past six years. Without you I could not have achieved the goals that were set before me.

I want to congratulate the new council and wish them continued success.
