### TRIBAL EMPLOYEE SUPPORTED FOOD STOCK PILE PROJECT

All employees should take their items to one of these designated drop off locations and to the office that will collect them: for the Sacred Heart Center the Cannery is the collection point. Civic Center give items to Ellie at the front desk. Health Center take your item to the Chemical Dependency office, and for the Tribal Building, take your item to the Income Maintenance office.

(DIRECT EMPLOYMENT)

What is it? How does it work? Is it still available? Where do I go to get help if I qualify? These are many of the questions people ask as they attempt to answer the difficult question of: "How do I get started on my new job?"

Actually the relocation program is an old title for a newer program entitled "The Direct Employment Program" or as some of you may know it, the "D.E." program.

In earlier days, the former BIA administered relocation program used to transport eligible individuals to various cities to seek out employment. However this proved not to be always cost effective and at times prone to abuse. Subsequent regulation changes in the way Oneida contracted the program have led to the following eligibility guidelines for Oneida's D.E. program:

1. Adult Indians  $\frac{1}{4}$  degree Oneida residing on or near reservation.
2. Must have already secured full-time permanent employment.
3. Applicants must be unemployed.
4. Applicants are eligible up until they received their first full paycheck.

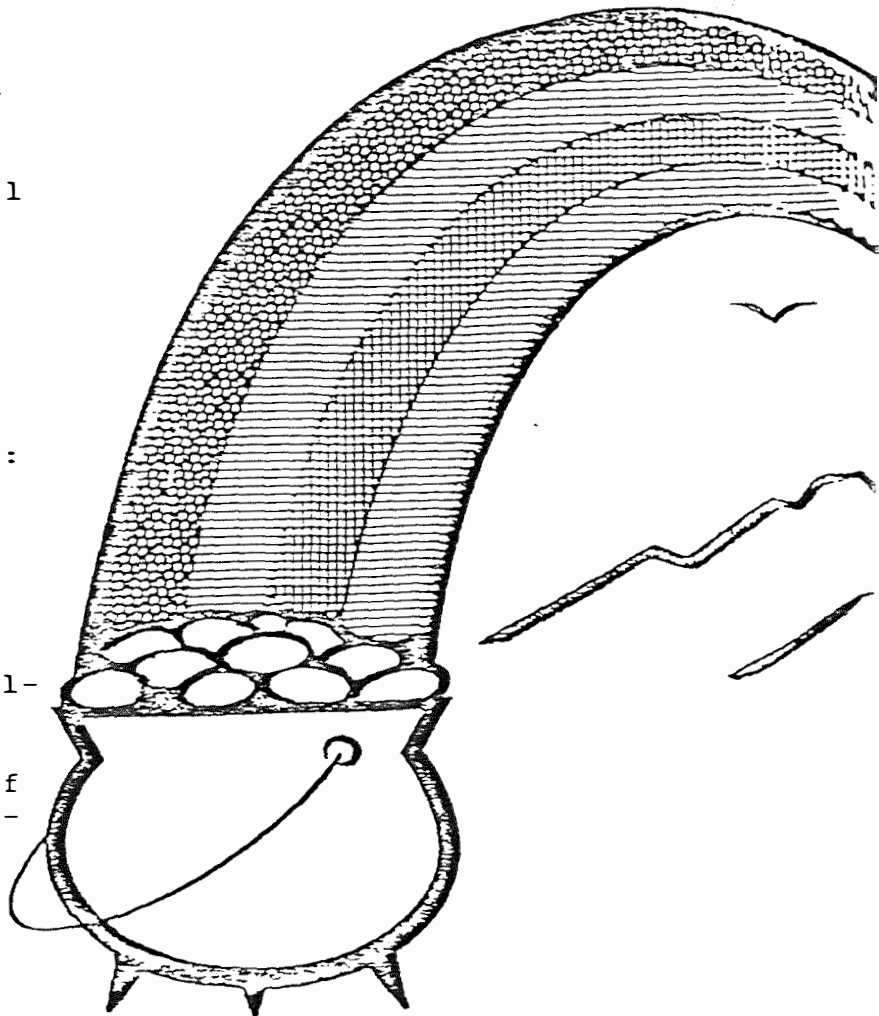

Yes, the program still services on a limited basis and is available by applying in the Oneida Education office. Information to bring along if you believe you qualify would be:

1. Job title,
2. Beginning wage
3. date to start work
4. first paycheck
5. First full payday and
6. A statement that the job is full-time and permanent.

Relocation assistance can be part of the D.E. program when actual relocation is necessary due to a required move for the purpose of secured employment. What you may qualify for depends on many factors so for

more information or to check your eligibility contact the Oneida Education Office, Sacred Heart Center, room 4350 in person or P.O. Box 365 By mail (414) 869-2173.

# "Why should Indian parents become involved in education?"

YAKIMA NATION REVIEW

Does Indian parent involvement in school make a difference? This question is uppermost in the minds of many Indian educators as Title IV, the Indian Education Act, comes up for reauthorization by Congress in 1984. To answer this question, it is helpful to go back before the late 1960's when Indian parents started to become involved in school and examine the differences between then and now.

Historically, education was seen as the primary method of assimilating Indians into the mainstream American society. The assimilation period lasted from around the 1880's to the 1960's. The main message delivered to Indian parents through these efforts was that Indian language, culture, values, and ways of life were substandard, primitive and even savage. Indian parents characteristically reacted by silent resistance, suspicion and hostility towards schools. Indian student achievements was correspondingly very low.

During the late 1969's this started to change. Parental involvement was encouraged through federal supplemental education programs. In 1972 the Indian Education Act was passed. A major premise of that legislation was that Indian parents have a right and a responsibility to be involved with their children's education. Prior to this time, Indian parents had been made dependent upon an educational system which did not respond to the needs of their children. Now, by law, they had a method of becoming involved in the educational decision making which affected their children. Most educators who serve Indian people would agree that the result, in terms of Indian student achievement, has been dramatic. More Indians are graduating from high school; more students are entering college; and more students are entering highly academic professions such as law and medicine.

Still the question is asked, "Are these achievements due to Indian parental involvement?" Unfortunately, the question has not been thoroughly researched, although the common sense inference seems clear. There has been research, however, among the mainstream population which seems to support the idea that parents in school do make a great deal of difference in the levels of achievement for their children. The National Committee for Citizens in Education (NCCE) recently compiled results of two dozen studies which found that parentally involvement in schools, in almost any form, improved student achievement.

The studies on parental involvement in school have shown that certain types of involvement are more effective than other types. Some characteristics of parental involvement which seem particularly applicable to Indian education follow:

-Parental involvement in "Early Intervention" programs, such as Headstart - Where pre-school children's cognitive development is stimulated, programs are especially effective when their parents are actively involved.

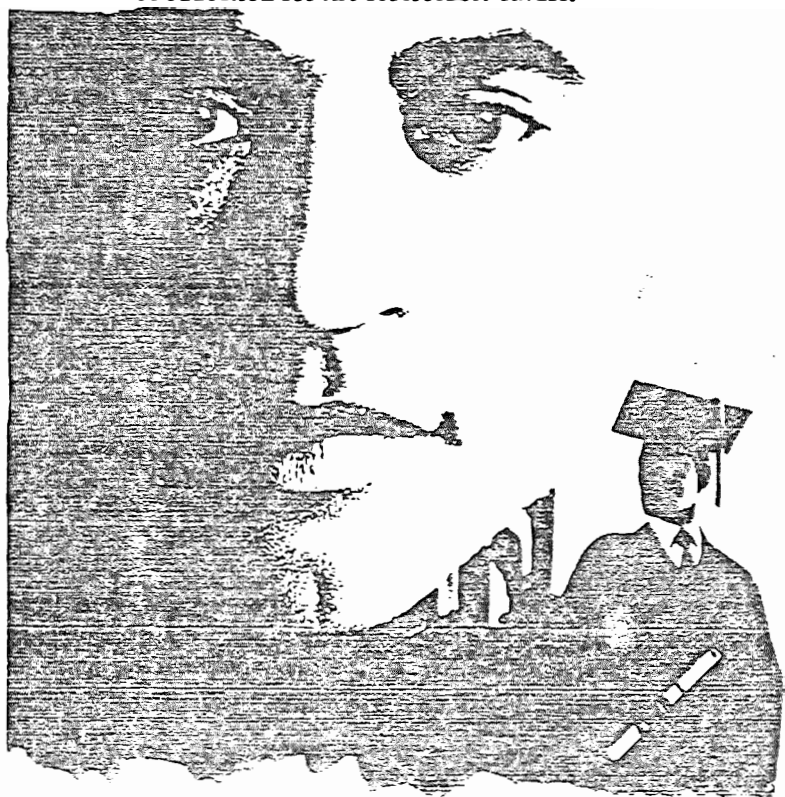

-Programs where parental involvement in school forms attitudes towards education which are carried back to the family setting and which helps parents spend time with their children to improve the child's attitude and consequently their performance in schools.

-Programs of parental involvement which are well planned, long term and comprehensive have a much more dramatic effect on student achievement than do one-shot, public relations, one visit to the school a year programs.

-The type of parent involvement does not appear to make as much difference as the extent of parent involvement. However, parents that have maximum communication and interfacing with their child's teachers are almost certain to make a difference. It is important that Indian parents are visible in the school setting.

As mentioned above, parental involvement seems particularly important where Indian students are a minority of the student population and there are few, or perhaps no, Indian people working for the school. Title IV and Johnson O'Malley parent committees have shown a consistent, long term way that parents can become involved in school. It should start with the relationship with administrator and school boards.

In summary, Indian parents have a right and responsibility to be involved in the education of their children and their involvement will help their children to accept the mainstream American values and goals while still maintaining their own sense of uniqueness and identity. Parental involvement is a concept that cannot be reduced by budget cutbacks and will remain a fundamental part of education for the foreseeable future.

KEEP OUR HERITAGE STRONG

The Oneida Community Health Center is striving to remain the best Tribally operated Health Center in the area. One of the areas we need to improve upon is the immunization level within our Tribe. We feel that it is possible that the importance of this kind of protection is not stressed enough, or may not be well understood.

Childhood immunizations are a necessary and important part of a child's health care. A child completely immunized is protected against the most serious childhood illnesses:

DIPHTHERIA is a serious infection of the nose and throat which can be fatal if it affects the nervous system.

PERTUSSIS is a disease marked by repeated violent coughing which is why the disease is commonly called "whooping cough." Most of those killed by Pertussis are less than one year old.

TETANUS commonly known as "lockjaw," is caused by the entrance of tetanus bacteria into even a small scratch or burn.

POLIO a paralyzing illness which reached epidemic proportions in the 1940's and 1950's, still may occur in those who are not immunized.

R | MEASLES also called "red measles," is considered to be the most serious of the vaccine-preventable diseases. Measles is a highly contagious disease and can result in many complications including hearing loss and brain damage.

M | MUMPS marked by fever and painful swelling of glands, may lead to hearing loss and sterility in males.

M | RUBELLA is a fairly mild disease in a child, but if passed on to a pregnant woman, early in pregnancy, can affect her infant's eyes, ears, heart, and brain. Birth defects such as glaucoma, cataracts, deafness, and mental retardation can result.

Immunizations started as early in life as possible, can protect children from all of these illnesses.

The American Academy of Pediatrics recommends the following schedule of immunizations:

<u>AGE</u>	<u>VACCINE</u>
2 months	DTP (Diphtheria/Tetanus/Pertussis) OPV (Oral Polio Vaccine)
4 months	DTP, OPV
6 months	DTP, (OPV optional)

<u>AGE</u>	<u>VACCINE</u>
15 months	Measles, Rubella, Mumps (Available in one combination vaccine, MMR)
15 - 18 months	DTP, OPV
4 - 6 years	DTP, OPV
14 - 16 years & every 10 yrs thereafter	Td (Adult Tetanus/Diphtheria)

If your child has not received immunizations exactly according to this schedule, he or she can still catch up.

Although immunizations have been available for Diphtheria, Tetanus, Pertussis and Polio for several years, immunizations against Measles/Mumps/Rubella is somewhat new. One small dose can protect our children against the most serious complications of these childhood diseases. By attending one of our immunization clinics, you are protecting our children.....OUR FUTURE!

During August, several immunization clinics will be held throughout the Oneida community:

<u>August 1st &amp; 2nd</u>	<u>WIC Clinic</u> Oneida Health Center 9:00 a.m. - 4:30 p.m.
<u>August 10th</u>	<u>Recreation Center, 2nd Floor</u> Rand Road, Site II 9:00 a.m. - 12:00 p.m. 1:00 p.m. - 4:00 p.m. 5:00 p.m. - 8:00 p.m.
<u>August 17th</u>	<u>Oneida Civic Center, Gymnasium</u> 9:00 a.m. - 12:00 p.m. 1:00 p.m. - 4:00 p.m. 5:00 p.m. - 8:00 p.m.
<u>August 24th</u>	<u>Oneida Tribal School</u> 9:00 a.m. - 12:00 p.m. 1:00 p.m. - 4:00 p.m. 5:00 p.m. - 8:00 p.m.

All children are welcome! If you are not sure whether your child is adequately immunized, please bring any immunization records you may have and we will be happy to help you. NO WAITING!!

Think of YOUR children,  
Keep OUR heritage strong

## ONEIDA INDIAN SUMMER SESSION 1983

The Oneida Indian Summer Session of 1983 completed another successful program on July 22nd. This year, the program had an enrollment of 351 students and of those students 101 were honored with Excellence in Attendance awards which reflected missing 2 or less days during this the 14th year of the summer school program.

On Wednesday evening, July 20th, at Sacred Heart Center an OPEN HOUSE was held for the community, family and friends. The program began with parents, friends and students visiting the various classroom areas at 6:30 p.m. Student beading, leathercraft, ceramics, basket weaving, artwork and Native Dress Design articles were displayed. A program in the auditorium at 7:30 included songs by the Pre-School and Primary students, a story by the Intermediate Oneida Language students and tunes on the recorders, a style show by the Junior and Senior High Native Dress Designers and piano selections by Junior and Senior High musicians. A slide show reflecting the treasured moments and learning experiences of the Summer Session of 1983 concluded the program in the auditorium. Approximately 450 people shared in the evening of celebration which closed with refreshments and social dancing.

## Oneida Recreation

Sad day for Oneida Recreation as we got beat by Channel 26 team, "The Great Entertainers," 7-0. We are all planning on next years revenge already. I hope all the persons that attended were treated to a few laughs along the way. I hope everybody got to catch a few looks at our own star Mr. Al Bain. I figured out why we got beat it was because I didn't include or use our two best hitters and fielders, Mr. & Mrs. Bernie Cornelius. My Apologies to these two, I don't know how I over looked you.

For the fans that were parked to far away to see or hear it, at the start fo the game we had Sabie Danforth throw out the 1st ball and the game we had was dedicated to her.

We estimated our attendance to be about four hundred. We would like to thank everyone of you for coming out and supporting us.

I want to thank the following Business Committee members who cam down and played on the team; Tony Benson & wife Arlene, Lorretta Metoxen & husband Floyd, Gordy McLester & wife Betty. Thankyou for helping out and supporting us.

I also think a special thanks goes out to the Tribal Administrator Tony Utschig and his wife Ruth. Tony had to leave on a 3:30 flight but he took the time to come down and support us. Assistant Tribal Administrator Bob Christjohn took time out to bring his wife from Appleton to help out also. Bob also volunteered to take the box around for donations.

Channel 26 team is also mailing a check of forty dollars to us. Thanks go out to my favorite person who is always there to help us

out. Thank you Wanda. Thanks go to Norma (Tober) Parker and to Laura Cornelius for also helping in the pop and food stand. All three of you ladies are lovely.

Thanks go to these following persons who helped play on the team; Winnies & Bob Thomas, Bill & Carmen Danforth, Ronnie & Betty John, Al & Arlouine Bain, Al & Vicky Reed, Ron McLester & Darlene Denny, Laura Cornelius & Larry Cornelius.

Again thanks to all you fans who showed up. Without your following & backing these are not possible.

#### ONEIDA BABE RUTH

The boys under Harlan King & Curt Danforth won a home game last week against De Pere 6-5. The boys will have played their last game by the time your read this. Good luck to the team in tournament play.

#### ONEIDA LEGION

These boys have also ended the season and are now in tournament play. Good Luck Guys.

#### ONEIDA SHORELINE

Bill Danforths team lost a heartbreaker to Casco last Saturday 11-10 in ten innings. Friday night we can really show up in full force and get the men back on the winning ways.

#### ONEIDA FUTURE HALL OF FAMERS

The men from years past played against the Legion Players & some other youth (Steve Stevens) and would you believe the experience paid off again with two outs the men make a come back and won 20-19 after being down by 19-12 going into the last inning but than Bob Thomas had four hits and Ronnie John had two and Reggie Denny had a couple. Ronnie even stole second than on a pass ball moved to third, he can still tear up the old base path. I heard a RUMOR that all thes men might come out of retirement. Even big Bob Christjohn covered a lots of ground in the outfield. Carl Skenandore showed flashes of his younger days. Francis Skenandore made a few good plays at shortstop but Wilma figures the best play was when he came home right after the game !! Har Har And what about Bernie Cornelius he still plays like a 20 year old (you get me mad Bernie, you should be aching and hurting like the rest of us !!).

Thank you from all of us at Recreation to everyone of you men who played and to all the young men.

I heard that Ronnie, Bernie, Bill, Reggie Bobby, Jerry, Roy, Bob, Carl, Fran, Ken, Eugene, Vernon, say they were wondering where the next victins were and figured the WOMAN were scared to play them. That smells like a challenge aye Ladies ???  
Until next week you-all take care and keep an eye out for sports.

ONEIDA COMMUNITY CANNERY REPORT  
July 1983

315 jars of food products canned and processed 14 individuals used the cannery facilities. 1 family used the Emergency Food Pantry with 7 persons in the family.

The month of July has been busy with making of jams and jellies as the berries are coming into season. Indian corn was also being canned. Had a meeting with Marlin M. of Income Maintenance Office about combining Food Pantries of working together with the programs. Marlin is working on the details. The Cannery stockpile is almost depleted for this year. Cannery staff is attending some sessions on preserving food. These are held on Tuesday afternoons and evening at U.W. Green Bay Ext. Cannery staff also is making up jams and jellies to sell to help bring in funds. The Indian corn canned and processed and sold for a donation price of 2.75 per quart.

REQUESTING ADDITIONAL HELP.

I notice that some people took some pictures at our recent Country Show and I am requesting to have your negatives to get some pictures made for our program.

If you have some we can be reached at 833-7467. THANK YOU

CLIFF WEBSTER

A VERY SPECIAL THANK YOU

I can never give this lovely lady enough credit. All year long when ever I have something going on she helps me. She usually will plan the menus and tell me about how much I will need to get for these events. She than helps in the Concessions even though she may have worked eight hours. Once again Saturday morning at 8:30 she started out the kitchen for the voters who wanted something to eat or drink. She helped all day long. Thank you honey, I love you and appreciate everything even though I might not always say so.

I need to thank Scott & Keith Cottrell, and Tonto Nicholas for helping set up the stage and the tables and chairs. Thank you guys.

Thank have to go to my two (kidde's) Robbie & Cliffy for all your help again. Robbie and Wanda made the Fry Bread we were selling. Thanks to Ruth Baird for her emergency help.

NEW RECREATION AIDE

Although he has been on board for the past couple of weeks I must apologize for not doing this sooner Curtiss Danforth is the new full time workder that was hired. Curt is the son of John & Wilma Danforth. He is married to the former Carla Thomas. They reside on Freedom Rd. His son Curt Jr. is developing into a good pool player. He is a welcome addition as his knowledge is already shown and being used in the program. Thanks to the Personel Selection Committee for doing the outstanding job on interviews.

BABE RUTH

Harlan King had his troops all ready and fired up and in their league play tournament. They played Thomson Meat who whipped them the last time, But last night Oneida Boy's were ready. They won 11-8 As everyone played excellant ball. They play again Wed.

COUNTRY SHOW

We held our first show Saturday night which had 200 people attend. The show started off with Marvin Lucus and the Schuyler Girls followed, they were followed by Jr. Danforth and than Debbie Skenandore. Each on sang two opening songs than returned in the 1st half again with two songs. Debbie came back in the first half to close out with three songs in the second of her gorgeous outfits. The second half we started out with the small suprise we announced which was Floyd Charles playing the fiddle. Floyd is the son of Cathy Charles. He is about 9 years old and was a real crowd pleaser. Following Floyd the Schuyler Girls came back for their final songs. They were beautiful and they had to come out for another song. Marvin Lucus than came on to close out his portion of the night with three songs. The final act was Debbie who came out im her third outfit. Each outfit was as beautiful as she sings. For those that didnt get the chance to hear her you really missed out on a lot. My favorite country singers are Loretta Lynn, Kitty Wells, and Emily Lou Harris but they will all have to take 2nd place now as this young lady has moved to number one. After we (from Recreation) presented each of the girls that performed with a flower and the men with a coffee mug than Marvin Lucus made a request to sing one final song. He changed some of the words in it and dedicated this to me. Thanks Marvin. Everyone out there should know that not one of these acts or performers received any type of pay. Everything we made all went to the Recreation Program. They all donated their own time and talents for us. Once again I am going to say thank you to everyone who performed . Kenny Skenandore who play Bass Guitar for everyone. Jr. Danforth who plays lead guitar for everyone and also sang for us. Marin Lucus who plays Rhythm guitar for everyone and for his singing. Rita Webster who is one of the Schuyler Girls Barbara Denny who is one of the Schuyler Girls Evelyn Smith who is also one of the Schuyler Girls. and for my former supervisor and close

friend Harriet Reiter who is also a Schuyler Girl. Floyd Charles who came out to play his fiddle for us. Debbie Skenandore who go this show started and who sang so beautiful. Thank you all again.
